Subject: Policy on Town Vehicles

Comments on policy

V. Rules & Responsibilities

Stops for incidental use shall be recorded. This supports use for citizen claims that employee traveled to Stop & Shop to do grocery shopping on their own time other than when commuting home.

Family members not ordinarily - vague, not sure what it means. If in an accident, what's coverage for family member? Again, looks like vehicle is being used for personal benefit.

Transporting unopened alcoholic beverages prohibited. Small benefit to employee not worth risk of any incident that will put town and employee at risk. In an accident, alcohol gets spilled or broken???
