**What services we will provide:**

Community Impact staff will provide substance abuse/use service navigation to those struggling with an addiction. Our goal is to create a seamless experience for the patient and their family during their struggles by providing personalized guidance and support. The role of substance abuse/use navigator is to eliminate perceived barriers and act as a support hub for all aspects of the client's movement through their individual journey of recovery. Our services will provide a basic screening and assessment of needs to all who contact us. During this brief interview, we will help you to understand and look at your situation in relation to that of addiction. You are not alone in this process.
