

What is GRASP?

Grasp was created to help provide resources of help, compassion and most of all understanding for families who have had a loved one die through drug use.

We are a community of those who have lost a loved one to addiction. And we understand the isolation, the stigma, the special kind of pain that accompanies this loss. We are here. We are walking the same path. Take our hand. And we will walk together.

"A luminous light remains where a beautiful soul has passed"

~Antoine Boven~

You're Not Alone
