

*Town of Upton, Massachusetts 01568  
Invitation for Bids  
Road Reconstruction and Repairs Contract  
17-2*

**Notice to All Prospective Bidders**

**ADDENDUM #1 RELEASED May 2, 2016**

The Town received the following requests for clarification by prospective bidders before the deadline:

1. On page 17 the length of Grove St. is given as 5,600 Ft in words and 3,350 Ft in numbers. Which is correct?

**The written 5,600 is incorrect. The length of Grove Street for the area of work is 3,350 feet.**

2. Is there to be cold planing on Crockett Rd? Bid quantity is 52,350 which would indicate Crockett was being cold planed but work description on pages 13 and 17 say otherwise? If Crockett is not to be cold planed the bid quantity should be reduced?

**On Page 27, Line "B", is incorrect, the estimated square footage for milling should state 47,840.**

3. Item J calls for both sedimentation fence and straw wattles. Are both to be installed or is it the intent to install either silt fence or wattles?

**The contractor has the option of installing silt fence or straw wattles.**

The above responses were prepared by or in consultation with:

Vincent Roy, Director of Public Works  
John Johnson, Highway Superintendent

The Town reserves the right to reject any and all bids as determined to be in the best interests of the Town and to waive minor informalities.
