## November 2018

We have much to be thankful for here at the Center as we enter the season of Thanksgiving. According to research, practicing gratitude decreases stress and negative thinking and increases happiness and social intelligence. With that in mind, we'll be holding a "Gratitude Challenge" in November and we hope you'll ALL participate!

We'll have a "gratitude box" at our computer sign in station throughout the month, along with a basket of paper leaves. We hope you'll take some time to jot down one thing you are grateful for on each leaf, and drop it in our box. It could be anything—such as: *A talent you have, something in nature, something you love to do, something you learned this year, or someone you appreciate*. If you are thankful for it, write it down! Be sure to put your name on the back of each leaf, because we'll draw a name each week from the box and the winner will receive a gift card. Then we'll use the leaves to decorate our Center with a "gratitude tree" and spread the spirit of thanksgiving all around us!

In addition to focusing on our appreciation of the little things in life, we have loads of activities in store for you this month. Here are a few highlights from our calendar. Please read on for all the details:

- Senator Moore's Turkey Dinner with Johnny Diamond—Nov. 2
