## REPORT OF TOWN CLERK.

### TOWN RECORDS, 1900.

WARRANT FOR ANNUAL TOWN MEETING, MARCH 5TH, 1900.

WORCESTER, SS.

TO THE CONSTABLE OF THE TOWN OF UPTON, IN THE COUNTY OF WORCESTER,

GREETING:

In the name of the Commonwealth of Massachusetts, you are directed to notify the inhabitants of the Town of Upton, qualified to vote in Elections and in Town Affairs, to meet at the Town Hall in said Upton, on Monday the fifth day of March, punctually at nine o'clock forenoon, then and there to act on the following articles, to wit:

*Article 1.* To choose a Moderator to preside at said meeting.

*Article 2.* To hear the reports of all Town Officers and Committees, and act thereon.

*Article 3.* To choose all necessary Town Officers for the year ensuing—Town Clerk, three Selectmen, three Overseers of the Poor, three Assessors, Town Treasurer, one School Committee for three years, Tax Collector, Auditor, one Highway Surveyor for three years, five Constables, three Fence Viewers, one Trustee of Cemeteries for three years, one Sexton; also for said voters to give in their votes, Yes or No, in answer to the question, "Shall license be granted to sell intoxicating liquors in this Town the ensuing year?" all on one ballot.

*Article 4.* To raise such sums of money as may be necessary to defray town charges for the ensuing year, make appropriations of the same, and determine the time the same shall be paid, or act in any manner pertaining thereto.

*Article 5.* To see if the Town will appropriate a sum of money to defray in part the expenses of Memorial Day.

*Article 6.* To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the taxes of the present municipal year.

*Article 7.* To see if the Town will appropriate money for Military Aid, under Chapter 372, Acts of 1899, and act thereon.

*Article 8.* To see if the Town will appropriate money to pay State Aid, under Chapter 374, Acts of 1899, and act thereon.

*Article 9.* To see if the Town will appropriate money to pay Town Aid, under Chapter 279, Acts of 1898, and act thereon.

*Article 10.* To see if the Town will accept the list of Jurors submitted by the Selectmen.

*Article 11.* To see if the Town will appropriate money to care for and light the street lamps belonging to the Town Improvement Association, and act thereon.

*Article 12.* To see if the Town will appropriate money for the annual expense of the Town Library, and act thereon.

*Article 13.* To see if the Town will appropriate money for the care and repairs of their Cemeteries, or act thereon.

*Article 14.* To see if the Town will vote to appropriate money to suppress the illegal sale of intoxicating liquors, or act thereon.

*Article 15.* To see if the Town will authorize their Assessors to have their valuation of the Town for the year 1900 printed, and appropriate money for the same.

*Article 16.* To see if the Town will vote to elect its boards of Selectmen, Assessors and Overseers of the Poor, to serve as follows: One member on each board to serve one year, one member two years, one member three years, and thereafter a member to each board to be elected to serve three years, as provided in Sections 335 and 336, Chapter 548, Acts of 1898, as petitioned for by C. M. Wood and others.

*Article 17.* To see if the Town will vote to purchase additional land for cemetery purposes, as petitioned for by the Trustees of the Cemeteries, appropriate a sum of money for the same, and act thereon.

*Article 18.* To see if the Town will vote to appropriate the sum of eight hundred dollars, to be expended on a road in South Upton, as petitioned for by Charles Whiting and others, and act thereon.

*Article 19.* To see if the Town will vote to appropriate a sum of money to repair the sidewalk from the Town Hall to the residence of Jerry Leary, and act thereon.

*Article 20.* To see if the Town will accept Taft Street (so called), as relocated by the Selectmen, or act thereon.

*Article 21.* To see if the Town will accept the relocation by the Selectmen of the Warren Road (so called), from the John Hill's place (so called) to the turnpike, and act thereon.

*Article 22.* To see if the Town will vote to add the Tree Warden to the printed ticket furnished at public expense.

And you are directed to serve this Warrant, by posting up attested copies thereof at each of the following places in said Town, ten days at least before the time of holding said meeting: At each of the Post-Offices and on the Town House in said Town.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, before the time and place of meeting aforesaid.

Given under our hands at Upton this twenty-first day of February, in the year of our Lord one thousand nine hundred.

DAVID A. FARRINGTON,

D. T. FISKE,

W. H. WELLINGTON,

*Selectmen of Upton.*

UPTON, Feb. 24, 1900.

By virtue of the within Warrant, I have this day notified the inhabitants of the Town of Upton, herein described, to assemble in their Town Hall on Monday, the fifth day of March, A. D. 1900, for the purposes within men-

tioned, by posting up attested copies of the within Warrant in each of the Post-Offices of the Town, and on the Town House, ten days before the day of meeting.

A. C. SOUTHLAND, *Constable.*

A true copy of the Warrant, and the officer's return thereon.

Attest:

FRANCIS T. NELSON,

*Town Clerk.*

PROCEEDINGS OF THE ANNUAL TOWN MEETING, MARCH 5, 1900.

Commonwealth of Massachusetts.

WORCESTER, SS.

Pursuant to the foregoing Warrant, the inhabitants of the aforesaid Town of Upton, qualified to vote in town affairs, met at the Town Hall, in said Upton, on the first Monday of March, it being the fifth day of said month, A. D. 1900.

The meeting was called to order at the time and place named in said Warrant, by the Town Clerk, who then read the Warrant and the officer's return thereon.

MODERATOR.

*Article 1.* The meeting then made choice by ballot, the check-list being used, of Albert Davis for Moderator, who was sworn to faithfully perform the duties of the office, by the Town Clerk.

TOWN OFFICERS.

*Article 3.* The Selectmen having appointed Walter W. True and J. Frank Despeaux, Ballot Clerks, and William W. Houghton and Frank E. Lyford, Inspectors, they were duly sworn by the Town Clerk.

The Town Clerk delivered to the Ballot Clerks before the opening of the polls, a bundle containing five hundred official ballots, and received a receipt for the same.

The cards of instruction and specimen ballots having been posted as the law directs, the ballot-box furnished by the Secretary of the Commonwealth to be used, was then opened in public meeting and shown to the voters present to be empty, and examined by the Moderator and Town Clerk, and found to be empty; the register being set at 000, said box was locked and the keys thereof were delivered to A. C. Southland, Constable in attendance at said meeting.

The polls were declared open for the reception of ballots for Town Officers at 9.20 A. M. The ballot-box was in charge of William W. Houghton, and the check-list in charge of the Town Clerk. No person was allowed to deposit his vote until his name was found on the check-list, and checked.

Voted, to close the polls at 3.30 P. M.

Voted, to lay Articles 2 and 4 on the table until afternoon.

Voted, to take up Article 5.

MEMORIAL DAY.

*Article 5.* Voted, that the Town appropriate one hundred twenty-five dollars (\$125) to defray in part the expenses of Memorial Day.

## BORROWING MONEY.

*Article 6.* Voted, that the Town Treasurer be, and hereby is authorized, with the approval of the Selectmen, to borrow money in anticipation of the taxes of the present municipal year, such sum or sums of money so borrowed not to exceed in the aggregate \$12,000, and said sum or sums to be paid from said taxes.

Unanimous vote.

## MILITARY AID.

*Article 7.* Voted, that the Town appropriate two hundred dollars (\$200) for Military Aid.

## STATE AID.

*Article 8.* Voted, on a motion by Mr. David A. Farrington, that the Town appropriate the sum of six hundred dollars (\$600) to be used for State Aid.

## TOWN AID.

*Article 9.* Voted, on a motion by Mr. George R. Pierce, that the Town appropriate six hundred dollars (\$600) for Town Aid.

Voted, on a motion by Mr. J. Frank Despeaux, that the remaining articles be laid on the table until afternoon.

At 3.40 P. M. the meeting was called to order.

## REPORTS OF COMMITTEES.

## STEAM FIRE ENGINE.

*Article 2.* Mr. J. Frank Despeaux, in making a report for the committee chosen at the last annual meeting to look up the matter of purchasing a steam fire-engine, said in part that a steam fire-engine that they had been looking up was one made by Clapp & Jones, weighing 4,480 lbs., 400 gallons per minute capacity. It had been used in Charleston, S. C., but they had found it too light for their pavements, so it has been taken back to the factory and thoroughly rebuilt. They will warrant it for five years. We felt that it would be sufficient for our use, as a light one would be preferable to a heavier one. Its cost would be (\$2,000), and an estimate of the repairs necessary in the old engine-house to make it suitable for the new engine, and a few incidentals necessary for the machine, would need five hundred dollars additional.

Mr. George R. Pierce said in part, that to get a good steam fire-engine and what would be required to go with it, including everything necessary to have it in good order, that before you got through, it would cost nearer six or seven thousand dollars.

Mr. E. A. Willard thought that the whole town ought to be protected from fire.

Motion by Mr. J. Frank Despeaux that the Town appropriate twenty-five hundred dollars (\$2,500) to buy a Steam Fire Engine and make necessary repairs. It was declared a vote.

Upon the decision of the Moderator being doubted, he, in accordance with Section 7, Article 1, By-Laws of the Town, requested the house to be seated, and called for two constables to act as tellers. The question was then

stated, and those on the affirmative and negative respectively were requested to rise and stand until they were counted, which resulted in 81 in favor to 68 against.

Voted, on a motion by Mr. George F. Prentiss, that the same committee be empowered to purchase a Steam Fire Engine and make necessary repairs.

SIDEWALK.

The Committee on Sidewalks make the following report:

The distance from J. J. Leary's east driveway to the Unitarian Church is about fourteen hundred feet on the north side of highway; making a sidewalk five feet wide, would give seven hundred seventy-eight square yards; the cost would be about twenty-five cents a square yard for grading, and fifty-three cents for concreting, making an expense of about four hundred twelve dollars for north side. The south side would cost the same a square yard; the distance is about fifty feet less.

The expense for a walk on both sides of the highway would be about eight hundred dollars.

All of which is respectfully submitted.

B. A. JOURDAN,  
WM. P. WOOD,  
O. F. TAFT,

*Committee.*

A motion by Mr. Stedman Brown to lay on the table was lost.

Voted, on a motion by Mr. Charles H. Rogers, that the report be accepted and placed on file.

LIST OF JURORS AS PREPARED BY THE SELECTMEN FOR THE YEAR 1901,  
AS BY LAW REQUIRED.

*Article 10.* Voted, that the following list of names be placed in the Jury Box for the current year:

SSTREET LIGHTS.

*Article 11.* Voted, that the Town appropriate six hundred fifty dollars (\$650) for the purpose of lighting the streets.

## TOWN LIBRARY.

*Article 12.* Voted, that the Town appropriate three hundred dollars (\$300) for the annual expense of Town Library.

## CEMETERIES.

*Article 13.* Voted, that the Town appropriate three hundred dollars (\$300) for the care and repairs of their Cemeteries.

## ILLEGAL SALE OF LIQUORS.

*Article 14.* Voted, that the money left in the hands of the Selectmen from the appropriation for the suppression of the illegal sale of intoxicating liquors last year be appropriated to suppress the illegal sale of intoxicating liquors the year ensuing.

## ASSESSORS' REPORT.

*Article 15.* Voted, on a motion by Mr. George D. Whitney, that the assessors be authorized to have the valuation of the town for the year 1900 printed, and that one hundred dollars (\$100) be appropriated for the same.

*Article 16.* Voted, to pass over this article.

## ADDITIONAL LAND FOR CEMETERY.

*Article 17.* Voted, on a motion by Mr. George D. Whitney, that this matter be left in the hands of the Selectmen.

## ROAD AT SOUTH UPTON.

*Article 18.* The following petition was read by the Town Clerk:

UPTON, MASS., Feb. 10th, 1900.

## TO THE HONORABLE SELECTMEN OF THE TOWN OF UPTON.

The petition of Charles Whiting and others respectfully petition your honorable board to insert an article in your Town Warrant for the Annual Town Meeting to be holden in March next, 1900.

To see if the Town will vote to assess and appropriate the sum of eight hundred dollars (\$800), to be expended in filling the hollow on the Town Farm road going south, where the water crosses the road, and where the road-bed is the lowest before ascending the hill.

Mr. Charles Whiting said, in part, that he had made some inquiries in regard to the expense of filling and grading said road, and estimated the cost of a six-foot fill, with suitable retaining walls, to be \$465.

After considerable discussion, it was voted to pass over the article.

## REPAIRING SIDEWALKS.

*Article 19.* Mr. D. A. Farrington said the reason for inserting this article was, that as the Highway Surveyors refused to use any of the appropriations for roads to repair sidewalks, that he would bring the matter before the Town.

Voted to appropriate one hundred dollars (\$100), to repair sidewalks.

## REPORTS OF TOWN OFFICERS AND COMMITTEES.

*Article 2.* A motion by Mr. Stephen B. Fiske, that the Town borrow \$2,500, to purchase a Steam Fire Engine, to pay \$500 per year upon the debt so contracted, was lost.

Voted, on a motion by Mr. J. Frank Despeaux, that the reports of Town Officers as printed, be accepted.

## RELOCATION OF TAFT STREET.

*Article 20.* The following is a description of a relocation of a road commencing near the late residence of James Rockwood, on Elm Street, to Orlando F. Taft's:

Beginning at the centre of a stone bound set at the intersection of the southerly line of said town road with the westerly line of a road leading to Milford, and at corner of land owned by Mrs. S. J. Batchelor, thence S.  $84\frac{3}{4}$ ° W. 964 feet to the centre of a stone bound, thence N.  $64\frac{3}{4}$ ° W. 150 feet and by land of Geo. Goodhue to the centre of a stone bound, thence N.  $50\frac{3}{4}$ ° W. 786 feet by land of said Goodhue and W. H. Baker to the centre of a stone bound, thence N.  $66\frac{1}{4}$ ° W. 668 feet to the centre of stone bound near the barn of Mrs. Stevens, thence N.  $64^{\circ}$  W. 271 feet to centre of a stone bound opposite the northwest corner of the house of Charles Ormes, thence N.  $77\frac{1}{2}$ ° W. 470 feet by land of G. C. Wood to the centre of a stone bound, thence N.  $34^{\circ}$  W. 405 feet to the centre of a stone bound, thence N.  $56\frac{1}{2}$ ° W. 300 feet to the centre of a stone bound, thence N.  $60\frac{1}{2}$ ° W. 351 feet to the centre of a stone bound, thence N.  $83\frac{1}{4}$ ° W. 30 feet to the centre of a stone bound, which is also on or near the southerly line of the road to Upton Centre. These last four courses are by land of Sewell Pugsley.

The northerly line of said town road is parallel to the southerly line and forty-two feet distant therefrom, and O. F. Taft, Geo. Goodhue, Sanford Bruce, Mrs. Stevens, Mrs. M. J. Field, G. C. Wood, Mr. Fiske and G. H. Evans are abutters.

As shown by a plan made by Marble & Allen, civil engineers, Worcester, Mass., for the town of Upton.

All the persons except Mrs. Stevens having been seen, Mr. Pugsley's barn extending within the new line of road would require to be reimbursed if it became necessary to move it back; the rest would be satisfied if the walls were moved on to new line of road.

A motion by Mr. William H. Wellington, that the Town appropriate (\$200) two hundred dollars, to be expended on Taft Street, was lost.

#### WARREN ROAD.

*Article 21.* Mr. D. A. Farrington said, as the County Commissioners claimed the road, it did not come under the jurisdiction of the Selectmen to relocate the road, but that the Selectmen must petition to the Commissioners for a relocation.

Voted, to pass over the article.

#### TREE WARDEN ON OFFICIAL BALLOT.

*Article 22.* Voted, that the nomination of Tree Warden be printed on the ballot furnished at public expense.

#### TOWN OFFICERS.

*Article 3.* The Moderator appointed the following named persons to act as Tellers to canvass the vote: Fred. H. Hatch, Henry A. Corbin, Thomas J. Gorman and Patrick Shaughnessy; they were sworn to faithfully perform the duties of the office.

Due notice having been given, the polls were, at 3.30 o'clock, declared closed.

During the voting the ballot-box was opened, by the unanimous consent of the Election Officers, at 2.40 p. m., and 250 ballots taken therefrom, for the purpose of counting the same, at which time the register on said box showed that 362 ballots had been cast therein. All of said ballots and check-lists were kept within the unobstructed view of the voters present, as the law directs.

At the close of the polls the register on said box showed that 386 ballots had been cast therein, and the names checked as voted on each list were then counted in a distinct and audible tone of voice, and the number checked on each list was 386.

The remaining ballots were then taken from the ballot-box and audibly counted, making the total number of ballots cast therein 386.

The ballots having been sorted and counted, public declaration thereof was made in open meeting and recorded as follows:

UPTON, July 1st, 1900.

WARRANT FOR NATIONAL AND STATE ELECTION, NOVEMBER 6,  
1900.

WORCESTER, SS.

TO THE CONSTABLE OF THE TOWN OF UPTON, IN THE COUNTY OF WORCESTER.

GREETING :

In the name of the Commonwealth of Massachusetts, you are directed to notify the inhabitants of the Town of Upton, qualified to vote in Elections and in Town Affairs, to meet at the Town Hall in said Upton, on Tuesday, the sixth day of November, punctually at nine o'clock forenoon, at which time the polls will be open for said voters to give in their ballots to the Selectmen of said Town for

Electors of President and Vice-President.

Governor, Lieutenant-Governor, Secretary, Treasurer and Receiver-General, Auditor, Attorney-General, Councillor for the Seventh Councillor District, Senator for the Fifth Worcester Senatorial District, two Representatives to the General Court to represent the Tenth Worcester Representative District for said Commonwealth.

One County Commissioner, one Register of Deeds (Worcester District), and County Treasurer for the County of Worcester.

One Representative in Congress for the Third Congressional District.

The polls may be closed at 3 o'clock in the afternoon of said day of meeting.

Pursuant to the within Warrant, notice is hereby given that there will be a Special Town Meeting held at 2 o'clock in the afternoon on the above-named day and place, to act on the following articles :

*Article 1st.* To choose a Moderator to preside at said meeting.

*Article 2nd.* To see if the Town will accept the relocation by the Selectmen of the Warren road, so called, from the John Hill place, so called, to the turnpike, and act thereon.

*Article 3rd.* To see if the Town will vote to purchase a certain tract of land from the heirs of Elisha C. Wood, to be used as a Cemetery, as petitioned for by S. B. Fiske and others, and appropriate money for the same.

*Article 4th.* To see if the Town will vote to instruct their Selectmen to make certain changes in the sanitary department of the Town House, in accordance with a report which shall be submitted to the Town under this article, and act thereon.

*Article 5th.* To see if the Town will vote to instruct their Selectmen to petition the County Commissioners to change certain bounds on the Milford Road, as requested by L. A. Snow.

And you are directed to serve this Warrant, by posting up attested copies thereof at each of the following places in said Town, ten days at least before the time of holding said meeting: At each of the Post-Offices and on the Town House in said Town.

Hereof fail not, and make due return of this Warrant, with your doings

thereon, to the Selectmen and Town Clerk, before the time and place of meeting aforesaid.

Given under our hands, at Upton, this twenty-second day of October, in the year of our Lord one thousand nine hundred.

W. A. WELLINGTON,  
G. H. STODDARD,  
ALBERT SADLER,

*Selectmen of Upton.*

UPTON, MASS., Oct. 24th, 1900.

By virtue of the within Warrant, I have this day notified the inhabitants of the Town of Upton, herein described, to assemble in their Town Hall, on Tuesday, the sixth day of November, 1900, for the purposes within mentioned, by posting up attested copies of the within Warrant in each of the Post-Offices of the Town, and on the Town House, ten days before the day of meeting.

A. C. SOUTHLAND,

*Constable of Upton.*

A true copy of the Warrant and the officer's return thereon.

Attest:

FRANCIS T. NELSON,

*Town Clerk.*

NATIONAL AND STATE ELECTION, NOVEMBER 6TH, 1900.

COMMONWEALTH OF MASSACHUSETTS.

WORCESTER, SS.

In pursuance to the foregoing Warrant, the inhabitants of the Town of Upton, qualified by law to vote in Elections, met in the Town Hall, in said Upton, on Tuesday next after the first Monday in November, it being the sixth day of said month, in the year one thousand nine hundred, for the purpose of giving in their votes for National and State Officers.

The meeting was called to order by the Town Clerk, who then read the Warrant and the officer's return thereon.

The cards of instruction and specimen ballots having been posted as the law directs, the ballot-box required by law to be used in elections, furnished by the Secretary of the Commonwealth, was then opened in public meeting and shown to the voters present to be empty, the register of the box was set at 000, the box was locked and the keys thereof delivered to Alonzo C. Southland, constable in attendance at said meeting.

A package, said to contain 600 official ballots to be used at this election, was delivered to William H. Wellington, presiding officer, and his receipt therefor given to the Town Clerk.

J. Frank Despeaux, Thomas J. Gorman, William F. Parshley and William W. Houghton, having been appointed Ballot Clerks and Inspectors by the Selectmen, they were sworn to faithfully perform the duties of their office by the Town Clerk.

Charles A. Davis, Walter M. True, Herbert M. Buck and William H. Walker, having been appointed Tellers by the Selectmen, were duly sworn to faithfully perform the duties of their office.

The seals of the package of ballots were then broken and the blocks of ballots delivered to the Ballot Clerks. The polls were declared open at 9.10 A. M. for the reception of ballots.

A motion by Mr. William W. Houghton, that the polls be closed at 3.30 P. M., amended by Mr. Appleton P. Williams, that the polls close at 4 P. M. Amendment carried.

During the voting the ballot-box, by the unanimous consent of the election officers, was opened at 2.10 P. M., when it registered 361, and three hundred and fifty ballots were taken therefrom for the purpose of sorting and counting the same.

At 2.15 P. M. on the above mentioned sixth day of November, at the same place, the above described inhabitants acted upon the articles in the Warrant as follows:

**MODERATOR.**

*Article 1.* The meeting made choice by ballot, the check-list being used, of Albert Davis for Moderator. He was duly sworn by the Town Clerk.

**WARREN ROAD.**

*Article 2.* Mr. Wellington, Chairman of the Selectmen, said in part that he had talked with the County Commissioners in regard to the laying out the Warren road by the former Board of Selectmen, and they told him that they had no record of the road, that they did not think they had any interest in it, to go ahead and finish it up. The road was fourteen or fifteen hundred feet long. Mr. Legge being the only abutter that had objected, he thought the Town should award (\$50) fifty dollars to the estate occupied by him for damage.

Mr. B. A. Jourdan thought that the County Commissioners should put that statement in writing.

Voted, on a motion by Mr. Charles Legge, that the report of the Selectmen for the relocation of Warren road, be accepted.

The following is a description of the relocation of new town road, laid out by the Selectmen of Upton, Worcester County, Mass., April, 1899:

Beginning at the centre of a stone bound set at the intersection of the northerly line of Main Street, in said Upton, with the westerly line of said new road, thence by said line of said road N. 14° W. 410 feet by land of C. A. Legge and land of the said Upton to the centre of a stone bound, which is also on the southerly line of a proposed new street, thence N. 7 $\frac{1}{2}$ ° W. 958 feet crossing said proposed new street, and by land of E. T. Hall, Eli W. Batchelor and J. J. Nelson to the centre of a stone bound, which is also on or near the southerly line of the old turnpike in said Upton.

The easterly line of said new road is parallel to the above described westerly line and 50 feet distant therefrom, and the abutters on said easterly line are J. J. Nelson and E. Nelson.

As shown by a plan made by Marble & Allen, civil engineers, Worcester, Mass., for the town of Upton. Filed in Town Clerk's office, Oct. 29th, 1900.

**FRANCIS T. NELSON,**  
*Town Clerk.*

Voted, that a committee of three be chosen to look over the survey and report the cost of building the road, at the annual meeting in March next.

The following-named persons were nominated and elected for said committee: Gilbert Rawson, William H. Wellington, Thomas T. Brewer.

Lakeview Cemetery.

*Article 3.* Mr. Wellington stated that the proposed line on the south be a straight line to pond and bounded on other three sides by pond and road, that the price for the land would be eleven hundred and fifty dollars, that the majority of the Board of Selectmen recommend that the Town buy it.

Mr. G. H. Stoddard thought the price too high, and moved to pass over the article, which was lost.

Voted, on a motion by Mr. W. H. Wellington, that the Town purchase the land.

Voted, that the Town appropriate (\$1150) eleven hundred and fifty dollars to purchase said land.

33 yeas; 13 nays.

Sanitary Department.

*Article 4.* Mr. Wellington said, in part, that a vote was taken two years ago that this department be brought up in the corridor, but they thought the Inspector of Buildings might object to closing the north door. The next Board of Selectmen did nothing but look at the dining-room; and that this Board think that the ladies' and gentlemen's closets can be changed and enlarged at an expense of \$25.

A motion by Mr. A. H. Chapman, that the closets be put on second floor.

Voted, to pass over the article.

Change a Bound on Milford Street.

*Article 5.* Mr. Wellington thought, in changing the bound, the line would be so changed that it might cause trouble.

Mr. L. A. Snow said he did not think any damage would result from moving a certain bound.

Motion by Mr. L. A. Snow, that the Selectmen be instructed to petition the County Commissioners to come and relocate the road between two certain bounds. The new line to clear Mr. Snow's mill.

Carried. 10 yeas; 4 nays.

Voted, to dissolve so much of the Warrant as relates to Town Affairs.

Due notice having been given, the polls were, at 4 P. M., declared closed.

The register on ballot-box stood at 430.

The names of those on the list of voters, both at the polls and at the table of Ballot Clerks, which had been checked, were audibly counted, and found to be as follows:

List at polls, four hundred thirty,	430
-------------------------------------	-----

## RECOUNT OF VOTES FOR CONGRESSMAN.

UPTON, MASS., November 9th, 1900.

Upon a petition signed by seventeen legal voters, who believing that the records or copies of records made by the election officers of the Town of Upton at the election, Nov. 6, 1900, are erroneous, in that a number of votes which should have been counted for Charles G. Washburn were counted for John R. Thayer, and that we believe a recount of the ballots cast in such town will effect the result of the election. In accordance with Section 264, Chapter 548, Acts of 1898, the Registrars met for that purpose in the Selectmen's Room on the day and year above written.

Mr. Charles G. Washburn was represented by Mr. Appleton P. Williams.

Mr. John R. Thayer was represented by Mr. Frank P. Miskell.

The following is the result of a recount of votes for Representative in Congress to represent the Third District.

	John R. Thayer of Worcester.	Charles G. Washburn of Worcester.	Blanks.
Block No. 1,	16	31	3
" No. 2,	17	29	4
" No. 3,	17	29	4
" No. 4,	16	32	2
" No. 5,	8	37	5
" No. 6,	21	27	2
" No. 7,	14	35	1
" No. 8,	21	27	2
" No. 9,	18	14	3
Totals,	143	261	26

The ballots were properly sealed and delivered unto the custody of the Town Clerk.

#### TOWN WARRANT.

WORCESTER, ss.

*To the Constable of the Town of Upton, in the County of Worcester,*

GREETNG:

In the name of the Commonwealth of Massachusetts, you are directed to notify the inhabitants of the Town of Upton, qualified to vote in Elections and in Town Affairs, to meet at the Town Hall, in said Upton, on Monday, the fourth day of March, punctually, at nine o'clock forenoon, then and there to act on the following articles, to wit:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ARTICLE 2. To hear the reports of all Town Officers and Committees, and act thereon.

ARTICLE 3. To choose all necessary Town Officers for the year ensuing—Town Clerk, three Selectmen, three Overseers of the Poor, three Assessors, Town Treasurer, one School Committee for three years, Tax Collector, Auditor, one Highway Surveyor for three years, five Constables, three Fence Viewers, one Trustee of Cemeteries for three years, one Sexton, three Library Committee for three years, one Tree Warden; also for said voters to give in their votes, yes or no, in answer to the question: "Shall license be granted to sell intoxicating liquors in this Town the ensuing year?" all on one ballot.

ARTICLE 4. To raise such sums of money as may be necessary to defray Town charges for the ensuing year, make appropriations of the same, and determine the time the same shall be paid, or act in any manner pertaining thereto.

ARTICLE 5. To see if the Town will appropriate a sum of money to defray in part the expense of Memorial Day.

ARTICLE 6. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the taxes of the present municipal year.

ARTICLE 7. To see if the Town will appropriate money for Military Aid, under Chapter 372, Acts of 1899, and act thereon.

ARTICLE 8. To see if the Town will appropriate money to pay State Aid, under Chapter 374, Acts of 1899, and act thereon.

ARTICLE 9. To see if the Town will appropriate money to pay Soldiers' Relief, under Chapter 279, Acts of 1893, and act thereon.

ARTICLE 10. To see if the Town will accept the list of Jurors submitted by the Selectmen.

ARTICLE 11. To see if the Town will appropriate money to care for and light the street lamps belonging to the Town Improvement Association, and act thereon.

ARTICLE 12. To see if the Town will appropriate a sum of money for the annual expense of the Town Library, and act thereon.

ARTICLE 13. To see if the Town will appropriate a sum of money for the care and repairs of their Cemeteries, or act thereon.

ARTICLE 14. To see if the Town will vote to appropriate money to suppress the illegal sale of intoxicating liquors, or act thereon.

ARTICLE 15. To hear the Report of the Committee on the cost of building the old Warren Road, so called, as relocated and accepted by the Town at the last meeting in November, and take such action thereon as may be necessary.

ARTICLE 16. To see if the Town will grant the free use of the Town Hall one night each year to the Steamer Company and the Hook and Ladder Company, or act thereon.

ARTICLE 17. To see if the Town will order the School Committee to remove from the High School building the Cobbler Shop.

ARTICLE 18. To see if the Town will vote to appropriate a sum of money to improve the acoustic qualities of the Town Hall, and act thereon.

ARTICLE 19. To see if the Town will instruct the Overseers of Poor to build a cellar under the ell of the Town Farmhouse, and appropriate money for the same.

ARTICLE 20. To see what action the Town will take in regard to abating the Tramp Nuisance, and act thereon.

ARTICLE 21. To see what action, if any, the Town will take in regard to making some disposition of the old hand Fire Engine, and act thereon.

ARTICLE 22. To see if the Town will vote to rebuild Grove Street, from Main Street, near the Methodist Episcopal Church, to the crossing of the Grafton and Upton Railroad, said road to be built the width of the lay-out, with a sidewalk on the west side of said road, and appropriate money for the same, or act in relation thereto.

ARTICLE 23. To see if the Town will vote to dig a reservoir on land of L. C. Fiske, at the corner of Elm and Pearl Streets, to be used as a supply of water in case of fire, and appropriate money for the same.

ARTICLE 24. To see if the Town will vote to purchase six hundred feet of Steamer Hose, and appropriate money for the same.

ARTICLE 25. To see if the Town will vote to purchase a Piano for the Town Hall, and appropriate money for the same.

And you are directed to serve this Warrant, by posting up attested copies thereof at each of the following places in said Town, ten days at least before the time of holding said meeting: At each of the Post-Offices and on the Town House in said Town.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen and Town Clerk, before the time and place of meeting aforesaid.

*Given under our hands at Upton, this eighteenth day of February, in the year of our Lord, one thousand nine hundred and one.*

#### STATISTICS.

The attendance statistics contained in this report are for the school year beginning September, 1899, and ending June, 1900. Heretofore the school year has been uniform with the town fiscal year. The change is made in accordance with the recommendation of the State Board of Education. There is, therefore, some necessary duplication of statistics. The expediency of having a uniform school year can readily be seen.

#### SCHOOL ATTENDANCE.

The attendance has been better this year than last. This is due, to a large extent, to the better enforcement of the school attendance laws. I think there is still room for improvement in this direction. The public should bear in mind that no child under fourteen years of age can be employed or kept from school, except in case of sickness, for any portion of the school year. The child, if in good health, is required by law to attend school every day the schools are in session until he is fourteen. Furthermore, no child between the ages of fourteen and sixteen can be legally employed unless he obtains from the Superintendent of Schools and files with his employer an age and schooling certificate, signed and sworn to by the child's parent or guardian.

#### IMPROVEMENTS IN SCHOOL ACCOMMODATIONS.

A number of improvements have been made during the year. The old-fashioned double desks at the East Part School were removed and replaced by single desks of a more modern pattern. At the Center School the walls and ceilings were

tinted, the wood-work painted, black-boards slated, and the desks were re-arranged so that the pupils would not be compelled to face the light from the east windows. Enough adjustable desks were placed in the lower primary room at this building to accommodate the pupils of the second grade. The second grade at West Upton was also furnished with these desks. For primary school work desks are better than tables. I would suggest that the two first grades be supplied with individual desks as soon as it seems advisable.

Many minor improvements have been made at the High School building and elsewhere about the town.

#### RECOMMENDATIONS AS TO REPAIRS.

The building at West Upton is in need of repairs. It should be painted, and the outbuildings both here and at Upton Center require attention. I advise that they be put in the best condition possible and that a strong endeavor be made to keep them in such condition.

#### THE SCHOOL WORK.

There is justification for saying that the schools are gradually advancing toward higher standards of excellence. Progress, to be healthy, must be an evolution rather than a revolution. The same complaint must be made from year to year, that the inconstancy of the teaching force is the weak point in the school system. This, more than anything else, militates against superior work in our schools. A system may be perfectly organized, may have the most improved facilities, yet, so long as its schools are the training ground for inexperienced teachers, the results must be inferior to those of a system which has a constant teaching force.

The teachers in the High School remain the same as last year, with the result that a higher quality of work is being done.

In the Grammar Schools several changes have occurred; and

the work, of necessity, has suffered. At present, however, these schools are doing good work.

#### CHANGES IN THE WORK IN THE DIFFERENT SUBJECTS.

##### READING.

The reading in the lower grades is decidedly better than it was one year ago, and is daily improving. The children are now really reading. The hum-drum and monotony of the past have largely disappeared; in place have come enthusiasm and expression. A child loves to read what he understands; he dislikes to call words that to him mean nothing. The Committee made a wise choice in adopting the Rational Method of Teaching Reading. The earlier the child learns to read understandingly, the more rapid will be his progress in other subjects of the course; the power gained by learning the written language supplements, to a marked degree, his ability to gain ideas in other subjects. Ability to read understandingly is the key which unlocks the door of many a difficulty.

##### SPELLING.

Spelling is one of the graces of written language. To spell correctly is, in these days, a necessity. A century or more ago a person could spell as he chose, and no one would think the less of him; now, not to know how to spell is considered a mark of ignorance. A few years ago, The Committee of Ten recommended that material for spelling be selected only from the words that occurred in the daily work in the different studies. Consequently, in many schools, the spelling-book was discarded. The result was poor spelling. The spelling of words is arbitrary, and the only way to master the spelling of a word is by dint of effort. There are, however, correct methods of teaching spelling. The teachers have been instructed in what is believed to be such a method. The results obtained by those who have followed this method carefully are very satisfactory. There is, however, need of new spelling-books in all grades above the second, and I recommend that these grades be provided with new spellers as soon as possible.

## ARITHMETIC.

During the past year, my endeavor has been to lay the foundation for good work in Reading, Spelling and Arithmetic. Arithmetic should occupy a prominent place in the curriculum. The time is not far distant when results commensurate in value with the time devoted to this subject will be obtained. It will be accomplished by teaching the fundamental operations in a rational way. The method of teaching number whereby the child is taught the four fundamental operations simultaneously is firmly intrenched in some sections of this country; but it is wrong, and many are beginning to see that it is wrong.

I cannot agree with those who contend that the child should have nothing to do with number for the first two or three years of his school life. His daily experience is rich in simple ideas of number. He uses number nearly every hour of his life from the time he is five years old. To take number entirely from his early school education seems to me a mistake. His early education should be such as will answer all his needs and tend to his full development. Number is certainly a necessary part. It should begin with counting, and be largely limited during the first year to simple work in addition and subtraction. A foundation thus laid will be safe to build upon.

Mental problems should enter largely into the work of every grade. Nine tenths of all the practical arithmetic that the pupil is called upon to do in real life must be performed without the aid of pencil and paper. If the teacher insists upon accuracy from the beginning, both in the thought and in the work, and accepts nothing else, the results will be satisfactory.

## REFERENCE LIBRARY.

I have secured from the Smithsonian Institution, Washington, D. C., about three hundred valuable monographs and treatises on mineralogy, geology, zoölogy, astronomy, meteorology, geography, and kindred subjects. These publications are very valuable, representing the best and latest thought along these several lines of science. My idea is that they

should form the nucleus of a Reference Library. For the progressive, enthusiastic teacher as well as for the pupil they are a mine of interesting and serviceable knowledge.

#### ROOM LIBRARIES.

It should be one of the principal aims of the public schools to foster the habit of reading good literature. The best way to lead children to read is to give them free access to books at home under the guidance of wise parents. The next best way is to give them access to books in the schoolroom under the direction of the teacher. This can be accomplished by having small permanent libraries in each schoolroom above the second grade. Such libraries have produced beneficial results in a number of towns and cities. I recommend that during the next year a beginning be made in this direction in one or more of the schoolrooms. The books need not be expensive, but they should be interesting, wholesome, and elevating. In some places the town libraries have coöperated with the school in establishing these room libraries. The outcome has been an increase in the usefulness of the town libraries ; for as soon as the children have read the books in their schoolrooms they become patrons of the larger libraries. If a taste for good books is formed through the school library, good books will be taken from the public library. Readers of good literature are, as a rule, good citizens.

#### CONCLUSION.

I am under obligations to you, gentlemen, for many courtesies and many suggestions. The management of a system of schools is difficult, to say the least ; but to feel that one's efforts for success are appreciated and ably supported leads one to take up and carry on the work with courage and ardor.

## REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL.

*Mr. Wm. H. Holmes, Jr., Superintendent of Schools:*

DEAR SIR:

I have the honor to submit to you a report concerning the condition of the Upton High School at the close of this school year (1900).

My connection with the school has been one and one-half years. I can write with a knowledge of its comparative condition one year ago. I do not wish to enter into lengthy comparisons, and will content myself with an enumeration of the important differences which the last year has brought in the nature of our equipment and facilities.

We have lost no ground; in working capabilities I am sure the school was never stronger. The past year brought no change in the teaching force of the school; provided teachers are above a certain absolute requirement, this is no small strength for any school. The entering class brought into the student body an increased number, and in scholarship possibilities a better trained body than has formerly come to the High School. Three members of the class of 1900 have pursued with earnestness post-graduate work, and a noticeably increased number of our pupils are working with some definite purpose—a healthy condition which I sincerely hope will prove contagious.

The Course of Study has been revolutionized and the "Course" which you are giving a trial this year, after it has been adapted as experience shows our needs demand, must bolster the school upon a thorough and liberal basis. I do not believe a broader curriculum is possible with our present teaching force.

Some text books have been introduced, supplanting the texts formerly in use; no mistakes have been made in these changes, and no mistake can be made if some of the texts which still remain should be relegated to "innocuous desuetude."

Individuality is the major quality in conjunction with many others which we are striving to develop and in no department of our work is the attempt better carried to a successful issue than in the chemical laboratory. Fortune has smiled upon us

in the extent of our laboratory equipment, and results are surely indicative of a largely widened benefit derivable from these improved conditions. Sixteen scholars can carry on their chemical work independent of each other.

An exact record of the books which the town has loaned to each pupil, their condition and the date of such loaning and consequent return, enables us now to locate losses and destruction of no small part of the town's possessions.

Each school day a U. S. weather map is exposed in the schoolroom and a display of the proper weather flags is made from the school flag-pole.

The response of the school in the subject of music is comparatively gratifying; it is deplorable that we can have no more time to assign this subject; it is encouraging to view the improvement despite these hampering conditions. According to our Course of Study and its demands on our time we can give to the study of music one period in one week.

Two fine maps are placed at our disposal and we appreciate these the more because we use them often; we must have more before the best work can be done in History.

The Alumni Association is a fact, and I expect that the work so well done by them at our last graduation period will be continued in the future with far-reaching and lasting benefit to each succeeding graduation class.

The corps of teachers is working harmoniously together; the harmony is a sure indication of their best efforts being put forth for the betterment of our school. We take this opportunity to express our appreciation of the assistance given us by the school officials.

The boys and girls who constitute our student body are Upton's best heritage and I am sure that strong manhood and noble womanhood is developing in our school.

I am, with respect,

ROBERT ORANGE SMALL,

*Principal.*

Upton, Mass., Jan. 29, 1901.

## REPORT OF THE SUPERVISOR OF MUSIC AND DRAWING.

*Mr. Wm. H. Holmes, Jr., Superintendent of Schools:*

DEAR SIR :

The past year has not been marked by any noteworthy change in the teaching of drawing in our schools.

In the new outlines which we have been using during the fall and winter months more time has been allowed for the study of composition and design, but the basis of the work is essentially the same.

To give free play to the imagination and encourage the child to express himself in crude terms is our first aim, followed by the study of pictures, postures and real objects. This furnishes material for the work in composition and design, and the illustration of stories.

Particular emphasis has been placed upon the memory drawings of objects which have been previously studied.

The use of water colors in the schools has not only given every child pleasure, but has furnished an additional training in the use of the brush and in producing color effects. The work of the fourth and fifth grades is to be especially commended in neatness, freedom of execution and purity of color. Some interesting work has been done in all the schools in ink and flat tones of color. This has been found helpful in eliminating detail and expressing things in masses.

Much thought has also been given to the study of the principles that govern the representation of form. The type solids are used as simple objects to discover these principles, and the pupils are led to see and apply them in the representation of all common objects.

Mechanical drawing is given a place in the seventh and eighth years. The aim is to interest the pupils in constructive drawings of simple machines and other objects, and lead to accurate observation of facts of form. The use of compasses and rule are taught, and simple working drawings are made.

The year in music has been one of progress in nearly every school.

The outlines for this work have been re-arranged during the year, and a different method for teaching sight reading has been introduced into the primary grades. The object of this is to enable the teachers to give instruction to each child individually, and the exercises have been so carefully and logically arranged that the little ones can readily comprehend each new step taken. While this has been a little more laborious, owing to the absence of the chart work for daily drill, the good work done by the children and the interest they have manifested in it has more than repaid the teachers for their faithful work. In the third and fourth grades the individual work has been continued with excellent results by the use of the Weaver exercise slips, which were furnished us at the beginning of the fall term.

I would recommend a change of books for the upper grades. Most of them have been rebound, and so many pages are missing, that valuable time is consumed in exchanging them during the singing period. The songs have also become so well known that they are sung by rote by the majority of the pupils.

The great interest taken in the High School music by the teachers, as well as the scholars, has made the study not a burdensome one, but one of profit and pleasure. The plan of having a few moments of systematic daily drill has been continued during the year with most satisfactory results. The pupils are thus deriving a much greater benefit from the study of music than would be possible by a single weekly lesson.

In conclusion, I wish to thank all who have so earnestly helped me in my work of the year.

Respectfully submitted,

FLORA M. RANDALL.
