TOWN CLERK'S REPORT.

Upton Records, 1920.

WARRANT FOR ANNUAL TOWN MEETING, FEBRUARY 2, 1920.

Worcester, ss.

To the Constable of the Town of Upton, in the County of Worcester, Greeting:

In the name of the Commonwealth of Massachusetts, you are directed to notify the inhabitants of the town of Upton, qualified to vote in elections and in town affairs, to meet at the Town Hall, in said Upton, on Monday, the second day of February, punctually at six o'clock forenoon, then and there to act on the following articles, to wit:

Article 1. To choose all necessary town officers for the ensuing year: Moderator, three selectmen, town treasurer, collector of taxes, auditor, five constables, and tree warden, all for one year; town clerk, one assessor of taxes, one overseer of the poor, one cemetery commissioner, one school committee, and three trustees for the public library, all for three years; also for said voters to give in their votes, Yes or No, in answer to the question, "Shall license be granted to sell intoxicating liquors in this town the ensuing year?" all on one ballot.

The polls may be closed at three o'clock in the afternoon on said day of meeting.

In accordance with Section 1, Article 1, of the by-laws of the town of Upton, the remaining articles of this warrant will be acted upon at an adjourned meeting of the town held on Monday evening, February 9, at 7.45 o'clock.

Article 2. To hear the reports of all town officers, and act thereon.

Article 3. To raise such sums of money as may be ne-

cessary to defray town charges for the ensuing year, and act thereon.

Article 4. To determine the manner of repairing the highways and bridges the ensuing year, and act thereon.

Article 5. To see if the town will vote to authorize the town treasurer, with the approval of the selectmen, to borrow money in anticipation of revenue of the present municipal year.

Article 6. To see if the town will vote to appropriate the sum of five hundred and fifty (\$550.00) dollars to install a new boiler in the High school building, or act thereon.

Article 7. To see if the town will vote to appropriate the sum of three hundred (\$300.00) dollars to install steam heat in G. A. R. Hall, as petitioned for by John E. Lennon and others, or act thereon.

Article 8. To see if the town will vote to place two additional lights on Williams street and appropriate fifty-four (\$54.00) dollars for the same, as petitioned for by Harold C. Carter, and others, or act thereon.

Article 9. To see if the town will vote to place two additional lights on Glen Avenue and appropriate forty (\$40.00) dollars for the same, as recommended by the selectmen, or act thereon.

Article 10. To see if the town will vote to give the free use of the Town Hall to the Community club once a month, or act thereon.

And you are directed to serve this warrant, by posting up attested copies therof at each of the following places in said town, seven days at least before the time of holding said meeting: At each of the post-offices and on the Town House in said town.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the town clerk, before the time and place of meeting aforesaid.

Given under our hands at Upton, this nineteenth day of

January, in the year of our Lord one thousand nine hundred and twenty.

WILLIAM H. MISKELL,
WALTER W. TRUE,
ALVRADO HENRY,
Selectmen of Upton.

Upton, Mass., January 24, 1920.

By virtue of the within warrant, I have this day notified the inhabitants of the town of Upton herein described, to assemble in their Town Hall on Monday, February second, for the purposes within mentioned, by posting up attested copies of the within warrant in each of the post offices and on the Town House, ten days before the meeting aforesaid.

PROCEEDINGS OF THE SPECIAL TOWN MEETING,
OCTOBER 26, 1920.

COMMONWEALTH OF MASSACHUSETTS.

Worcester ss.

Pursuant to the foregoing warrant, more than four hundred legal voters of the town of Upton assembled in the Town Hall on Tuesday, the twenty sixth day of October, 1920.

The meeting was called to order by the moderator, John E. Dearth.

The warrant and officer's return thereon was then read by the town clerk.

HONOR ROLL.

Article 1 Voted: on motion of Mrs. George W. Knowlton, jr., that the Chair appoint a committee of three who will confer and submit the names of five citizens to be voted upon as an Honor Roll committee to submit plans and estimates at the next town meeting. The Chair appointed the following nominating committee: Alvrado Henry, Mrs. G. W. Knowlton, jr., and George Bradley. This committee retired and brought in the following names: Alvrado Henry, Myrtice King, Mrs. Agnes Glaucy, Mrs. Abbie Lyford, and James F. Sheehan. These were elected as the Honor Roll committee.

“THE LOOP.”

Article 2. The following motion was made by Edwin Chamberlain: “That it is the sense of this meeting that it is advisable and in the interest of the town to raise and appropriate the sum of twenty thousand (\$20,000.00) dollars under any proper legislative authority so to do, for the repair and maintenance of the ‘Loop’ for a period of ten years, upon proper assurance being given that service will be resumed and continued for said period.”

David J. Moroney supported the motion in a lengthy speech. He gave a detailed account of all efforts that had been made to regain service over the loop. He pointed out how necessary to the welfare of the town this service was, and

that the sum called for in the motion would not be a serious burden to the tax payers.

Harold Knowlton read a letter from George A. Draper, president of the Grafton & Upton, which stated that under no consideration would his company agree to operate cars over the loop for ten years. Dr. S. R. Capen said in part that without the co-operation of the company, it would be useless for the town to appropriate money for this object. Fred W. Wood, as town treasurer, told how the called-for appropriation would affect taxes and named various departments that would need increased appropriations during the coming year. Taylor C. Lyford, Matthew Cooley, Alvrado Henry, Walter W. True, Edgar Willard and others spoke.

The Chair appointed Harold Knowlton and William F. Parshley tellers. A rising vote was taken with the following result: Yes 80, No 163.

George W. Knowlton, jr., moved that the sum of ten thousand (\$10,000.00) dollars be substituted for the twenty thousand (\$20,000.00) dollars in the original motion. A show of hands on this motion resulted in the following: Yes 72, No 141.

Voted: To order the tracks removed.

On motion of Dr. S. R. Capen, it was unanimously voted to extend a vote of thanks to the selectmen for their efforts in behalf of the town for the resumption of traffic over the loop.

Voted To dissolve the warrant.

TOWN CLERKS' MEETING AT GRAFTON, NOVEMBER 12, 1920.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Grafton November 12, 1920.

In compliance with Sections 322-325 inclusive, of Chapter 835, Acts of 1913, we the Town Clerks of the towns of Grafton, Milford, Shrewsbury, Southborough, Upton and Westborough, which towns comprise the Ninth Worcester Representative District, this day met at the office of the town clerk in said Grafton, and canvassed the return of votes in said towns for two Representatives in the General Court, to be held in Boston on the first Wednesday of January next. Said votes were returned to us as by law required and were given in at a legal meeting held in each of said towns for that

purpose on the second day of November A. D. 1920, and was shown by the following tabular statement:

	Grafton.	Milford.	Shrewsbury.	Southborough.	Upton.	Westborough.	Total.
Elbert M. Crockett of Milford had	1059	1988	796	873	559	1171	5946
John T. McLoughlin of Milford had	381	2078	112	144	128	419	3262
Howard S. Shepard of Shrewsbury had	839	1084	820	310	472	1060	4585
Dudley Tyng of Milford had	131	694	60	59	48	188	1180

	3310	7600	2228	1268	1484	3508	19398

Elbert M. Crockett of Milford and Howard S. Shepard of Shrewsbury having received the largest number of votes, were declared elected, and to them were certificates issued, also a duplicate certificate sent to the Secretary of the Commonwealth as the law requires.

In witness whereof, we, the Town Clerks of Grafton, Milford, Shrewsbury, Southborough, Upton and Westborough have hereunto set our names this twelfth day of November, 1920.

Attest:

EDWIN A. HOWE, Town Clerk of Grafton,
DENNIS J. SULLIVAN, Town Clerk of Milford,

LIBRARIAN'S REPORT.

TO THE TRUSTEES OF THE UPTON LIBRARY:—

The Librarian herewith submits her third annual report, to which is appended the usual statistics and the catalogue of new books.

During the year books and magazines have been purchased and added to the "Dr. Carpenter alcove" as required.

The Woman's Education Association has loaned us two collections of pictures, one, a set of one hundred pictures of Wild Beasts of the World; the other, views of Mexico.

During April four story hours were held, the total attendance being 94.

LIBRARY HOURS.

Since the first day of July the library has been open both Wednesdays and Saturdays from four to six and seven to nine p. m. The number of those who come to the library Wednesday afternoon is steadily increasing and much of the former confusion as to when the library is open has been eliminated.

CHILDREN'S BOOK WEEK.

During Children's Book Week, November 15-20, a collection of over thirty new books for children was on exhibition in the reading room. Also during this week a brief survey was taken of the pupils in the schools, commencing with the fifth grade, to see how many were using the library and what books were being read. In the High and Junior High from seventy-eight students all but fourteen were taking books from the library and at least three of the fourteen have since taken out borrower's cards. In the fifth and sixth grades of the Center School four were not taking books, but in the same grades in the Knowlton School only nine were borrowers. This leads us to speak of one way to extend the usefulness of this library; that is, to provide some form of a branch library in West Upton.

READING LIST.

That the introduction of a reading list of biographies in

the High School affects the circulation of books in the library may be seen from the following comparison :

Number of biographies loaned during November and December, 1920, 88.

Number of biographies loaned during November and December, 1919, 9.

This four-fold increase has been due wholly to borrowing on the part of High School pupils and it is hoped that some of the students may have found these life stories both interesting and inspiring.

GIFTS.

The Sunday School of the Methodist Church having discontinued its library has placed seventeen volumes (books for girls) in the town library. The Massachusetts Public Library Commission has given us eleven volumes, eight of which are about the Pilgrims. Other gifts have been received from the following named persons and organizations: American Red Cross, Armour Co., Bancroft Memorial Library, Dearborn Publishing Co., Friends of Irish Freedom, Massachusetts Audubon Society, Commonwealth of Massachusetts, Massachusetts Total Abstinence Society, Old Colony Trust Co., Our Dumb Animals, Portland Cement Association, Rockefeller Foundation, A. M. Todd, United States Government, Worcester Art Museum, Worcester Bank & Trust Co., Young Woman's Christian Association.

To the teachers who so willingly co-operated in taking the survey, I would express my sincere thanks; to the assistant, Miss Bowker, my appreciation for her faithful service, and to the Trustees, my gratitude for their continued help and support.

Respectfully submitted,

HELEN A. FAY,
Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS.

GENTLEMEN OF THE SCHOOL COMMITTEE:

Herein you will find several tables ordinarily placed either before the report or after it as a sort of appendix. I am submitting them in the body of the report for the purpose of better directing your attention to them and in order that they may be more easily explained.

The first is the report of attendance for the last school year. For comparative purposes I have also included the same data for the year preceding. For that year, 1918-19, I have also had access to data from other towns. These I have included also.

TABLE I.

	Upton 1918-19	Average for 11 towns, 1918-19	Upton 1919-20	Upton increase 1918 to 1920
Total enrolment,	279	379	281	2
Days in session,	168	164	180	12
Average membership,	258	334	263	5
Average daily attendance,	225	304	234	9
Average daily absence,	33	30	29	-4
Per cent. of attendance,	87	91	89	2

For each of the two years 1918-19 and 1919-20 absences in Upton were approximately equal to completely closing down our schools for four weeks. This appears excessive. Last year's record is appreciably better than that for the year before, but one day lost in ten on the average for the pupils in Upton is not satisfactory.

The eleven towns with which we are comparing Upton in this table and those following are those towns in this state which have more than 1900 population and less than 2200 according to the 1915 census. Our second table will give a fair idea of these towns generally in comparison with Upton.

TABLE 2.

	Average population.	Valuation April, 1918.	Valuation per pupil in average membership, 1918-19.	Expenditures for school support per \$1000 valuation.	Tax rate 1918
Upton,	2036	\$1,414,962	\$5,637	\$6 51	\$18
11 towns,	2086	2,004,831	6,446	8 05	20

Taking Tables 1 and 2 together we learn that Upton has about $12\frac{1}{2}$ per cent. of its population in school while the other towns average about 16 per cent. Thus, while their valuation appears to be high they are spending more money proportionately for schools and their schools are serving a larger percentage of their total population. These last two items might appear to offset each other. If we have relatively fewer pupils in school we should spend less. On the other hand, there is a reasonable amount of evidence that those towns which spend more for schools are able to keep more of the pupils in school because the content of the school course can be made so much richer with a little additional expenditure. Table 4 will indicate also, that perhaps this is to be considered in Upton as we are spending (or were spending) nearly \$5 less per pupil than those towns with which we are comparing ourselves. The figures for 1919-20 do show a marked increase, but those for the other towns would doubtless also show it. We will, however, take up Table 4 later. Table 3 should precede it in order that it may be completely clear.

TABLE 3.
EXPENDITURES FOR THE SCHOOL YEAR.

	Upton 1918-19	11 towns 1918-19	Upton 1919-20	Upton increase '18-19 to '19-20
General control,	\$ 515 22	\$1,138 30	\$ 595 84	\$ 80 62
Teachers' salaries,	7,061 00	9,763 97	10,111 41	3,050 41
Books and supplies,	508 71	705 49	969 79	461 08
Maintenance (buildings)	2,050 76	2,757 12	2,584 49	533 73
Repairs,	348 62	850 31	256 00	-92 62
Transportation,	1,641 00	1,636 00	2,320 70	679 70
Miscellaneous,	14 23	496 54	71 38	57 15
Total,	\$12,139 54	\$17,347 83	\$16,909 61	\$4,770 07

According to Table 3 our expenditures are comparatively

high in no one respect but quite low in several. Don't try to compare columns 2 and 3 in this table. However, table 3 means little unless it be considered in the light of the number of pupils being served. By dividing the several amounts by the number of pupils in average membership we will get the cost per pupil for each of the items. This is much more significant than the unrelated amounts, and this we have done in Table 4.

TABLE 4.
COST PER PUPIL IN AVERAGE MEMBERSHIP.

	Upton 1918-19	11 towns 1918-19	Upton 1919-20	Upton increase '18-19 to '19-20
General control,	\$ 2 00	\$ 3 41	\$12 27	\$ 27
Teachers' salaries,	27 37	29 23	38 45	11 08
Books and supplies,	1 97	2 11	3 68	1 71
Maintenance,	7 96	8 25	9 84	1 89
Repairs,	1 35	2 56	97	-38
Transportation,	6 36	4 90	8 82	2 46
Miscellaneous,	06	1 49	27	21
 Total,	 \$47 06	 \$51 94	 \$64 80	 \$17 24

The noteworthy items in this table are the low proportionate amounts spent for general control, repairs and miscellaneous items and the large amount for transportation. The low total has already been noted.

I see no way of reducing our transportation bill. It appears to be absolutely justified by the geographical layout of the town. The low bill for miscellaneous would ordinarily be creditable, but in this case it includes medical inspection, the bill for which is almost microscopically small in Upton.

Medical inspection is a very important department in any modern school system and the work can be properly performed only when a considerable amount of time is given to it. We are getting now service far exceeding in value the amount we pay, but a weekly inspection of each school would be a splendid thing and is about as needful as anything I can suggest. Much of our absence could be prevented by a thoroughgoing health inspection of the schools such as this would permit. A ridiculous amount of time has been lost this past year, espe-

cially in the Center school, on account of epidemics of chicken pox and impetigo contagiosa alone. When we consider that we have paid so little to prevent these epidemics it is not unreasonable to say that the loss of time on account of them constitutes an account payable to the children involved, and the town is the debtor.

In each of Tables 3 and 4 it will be seen that teachers' salaries constitute the largest item of expense in the school budget. The matter of salaries has been discussed without limit. The public seems to be interested for the first time. Where does Upton stand? Table 5 shows our relative standing at three different periods, the last being January, 1920. I have no comparative figures for any later date.

TABLE 5.
TEACHERS' AVERAGE SALARIES.

	to towns next larger than Upton.	Upton.	to towns next smaller than Upton.
Average population,	2174	2036	1903
Elementary teachers:			
1910-11	\$379 00	\$367 00	\$440 00
1915-16	\$431 00	\$371 00	\$500 00
Jan. 1920	\$789 00	\$843 00	\$783 00
High school teachers:			
1910-11	\$636 00	\$617 00	\$716 00
1915-16	\$741 00	\$617 00	\$779 00
Jan. 1920	\$1,092 00	\$1,333 00	\$1,107 00

According to these figures the present committee has reason to be congratulated. They should not lull us into any false sense of security, however. Some of our teachers are already being sought after and will be sought after. The towns and cities that will take them will not be those nearest in size to Upton, but rather those much larger, such as Attleboro, Plymouth and Worcester. Upton, according to Table 5, stood high in its class, but there are other classes with which we are in quite merciless competition.

After over a year and a half without music supervision we have had the good fortune to be able to secure a supervisor this year. The music work has picked up splendidly and the pupils seem to appreciate it the more for having been

without it. Our teaching staff now, without exception, is made up of experienced teachers. Of the full time teachers only three are from out of town. I would like to believe that at least for a while we may have less change and more continuity of our staff. In a previous report I expressed the opinion that the lack of continuity we have suffered in Upton has been injurious. I still believe so.

There are other things to be desired as well. This year we should spend more for books. A number of texts should be supplied at once, particularly in the first six grades. Some arrangement should also be made without delay to provide sufficient proper seating accommodations for the pupils in the high school. The present makeshifts are workable but they constitute a tribute to the ability of the teachers and patience of the pupils rather than a credit to the town.

Again, and gladly, I must acknowledge the invaluable services rendered by this committee and the earnest co-operation of every teacher.

Respectfully submitted,

GEO. ALLEN COE,
Superintendent of Schools.

REPORT OF PRINCIPAL OF HIGH SCHOOL.

West Upton, Mass., December 31, 1920.

MR. GEORGE A. COE, SUPERINTENDENT OF SCHOOLS:

Dear Sir:—

I herewith submit my fifth annual report as principal of the Upton High School.

During the past year the work of the school has progressed rapidly, and in view of the existing conditions satisfactorily. This is due largely to the fact that the same teaching force as of the preceding year was maintained and as a result the work carried on uninterruptedly.

Following the installation of the new boiler, the rooms in the building have been comfortably warm even during the severest weather of last winter. The building in general has been kept in a neat and sanitary condition through the efforts of Mr. Crooker.

Through the generosity of the citizens of the town and extra effort on the part of the senior class of 1920, the class was able to make a visit to our National capitol during the spring vacation. This pilgrimage was a very enjoyable and instructive one, and will leave a pleasant and lasting impression upon the minds of those who went.

Before the present scholastic year has passed all of the members of the class of 1920 will have continued their studies in a higher institution of instruction.

At the opening of the fall term a slight change in the course of subjects was made necessary by recent educational legislation. Where formerly English was the only required subject for graduation, other subjects being elective, a course in Civics and American History have been added to the required list.

The system of ranking which was put into operation last

year is working out to a decided advantage. The basis that a higher rank secures for the pupil a larger credit is serving not only as an incentive to the pupil for additional effort, but also to the teacher in that he or she is able to rank more accurately, since it does not require an exceptionally large difference in the comparative abilities or in the amount of work accomplished to show by the larger fractional part of a credit obtained the rating of one pupil over another.

After a lapse of two years music has been restored to the school, and I cannot speak too highly of the progress made so far this fall. The work that is being done by Miss Randall, and the results already obtained are indeed commendable.

Perhaps there is no better way to show a true sense of loyalty and esteem for one's Alma Mater than through the presentation of some much needed gift. This spirit has been exemplified by the members of the present senior class in presenting the school with a modern school victrola.

Several issues of the school paper, "The Clarion," have been printed and circulated during the year. The interest taken in this project as shown by the large number of contributions by the members of the school—a comparatively small percentage of them being used in the paper—is proving of value to the pupil in connection with their work in English.

May I suggest for your consideration those recommendations which I have written in my previous reports:—

1. The sectional arrangements of seats in the main assembly room, thus permitting an opportunity for physical and social activities. In this connection the formation of a literary society for debating and rhetoricals.
2. The wiring of the building for electric lights, thus giving additional illumination on days when it is greatly needed to facilitate studying, and also to permit a part of my first recommendation being carried out.
3. The installation of a chemical hood in the laboratories in order that penetrating and obnoxious gases may be kept from the room while experiments are being performed.

4. The purchasing of playground apparatus thus enabling practically all pupils to receive proper physical exercise.
5. The extension of Manual Training so as to embrace the ninth class.
6. The instituting of a course in Domestic Science to meet the needs of those pupils who go to another school of instruction following their graduation, and to assist those who plan to specialize in this line of work.
7. The formation of a Parent-Teachers Association where home and school can meet for mutual interest and benefit.
8. The purchasing of additional equipment for the chemical and physical laboratories.
9. The purchasing of a set of "up-to-date" encyclopedias and a large standard dictionary.

In the light of modern education the aim of the High school should be to prepare the pupil mentally to meet the demands of a future vocation, to develop the body by means of proper physical exercise and hygienic instruction, and to assist the pupil in preparing for a life of service to his fellow-men.

To meet the necessary requirements and to carry out the aims of the High school I ask your favorable consideration of the above recommendations

In closing my report I wish to thank the people of Upton who, during my five years and more of service as principal of the High school, have given me their generous support; the school committee whose activities have constantly aimed towards the betterment of the school and the welfare of the teachers; the teachers whose co-operation, enthusiasm and interest have been indispensable; and you, superintendent, for many valuable suggestions and for the assistance given me in my work.

Respectfully submitted,

A. RUSSELL C. COLE,

Principal.

REPORT OF SUPERVISOR OF MANUAL TRAINING.

West Medway, Mass., December 21, 1920.

MR. G ALLEN COE, SUPERINTENDENT OF SCHOOLS, UPTON, MASS.:

Dear Sir :—

I herewith present my ninth report of the Manual Training work as taught in the public schools of Upton.

Manual Training (as most of the town people must know) is given one day in every two weeks to the seventh and eighth grades. About twenty-four boys take the subject and our room accommodates eight, so it can readily be seen that each boy receives only about one and one-half hours' training during that period, or about thirty hours per year, if absence or some other unforeseen emergency doesn't prevent him.

The work carried on is the same as in previous years, and, in fact, cannot be enlarged upon unless more time is given, or another room with double the number of benches is procured, in which case, twice the number of boys could be taught at the same time with no additional expense to the town except the initial expense of installation.

The boys show good interest and fair ability. Their chief trouble is lack of concentration. This, however, is gradually being overcome and many show promise of becoming good workmen.

I hope the school committee will seriously consider a remedy for our cramped quarters at the earliest possible moment. The boys must have more time in order to produce the results a course of this kind should have.

Respectfully submitted,

DANA A. STANLEY,
Supervisor of Manual Training.

REPORT OF SUPERVISOR OF DRAWING.

West Upton, Mass., January 1, 1921.

MR. G. ALLEN COE, SUPERINTENDENT OF SCHOOLS, UPTON, MASS.:

Dear Sir:—

It is with pleasure that I submit my second report of my work in drawing in the public schools of Upton.

The pupils are doing splendid work. Drawing surely appeals to them, and the eagerness with which they welcome the drawing period is a real inspiration to the teachers. The results are always interesting, usually promising, and often show imaginative qualities.

The general plan of study for this year is similar to that of last year, but we are constantly branching out.

In the first grades only the simplest of problems can be carried out, but we can at least teach the love and appreciation of the beautiful, the colors that harmonize, and the use of crayons, pencils and rulers.

In the third and fourth grades the children, as a rule, show more interest than in any other grades, so it is possible to accomplish almost anything. The fifth and sixth grades are perhaps a little more difficult, but, if given a problem they like, will work hard.

The Junior High School is taking hold of the work well and the work shows an improvement over that of last year.

I wish we might have an exhibit of the work from all the schools in Upton and that the parents would attend. It would not only surprise many to see what their children can do, but it would encourage the children in the future and recompense the teachers for their time and efforts.

In conclusion I wish to thank the committee for their in-

terest, the superintendent for his kindly direction and helpfulness at all times, and the teachers for their assistance in the work of this department.

Respectfully submitted,

VIOLET STEARNS,
Supervisor.

REPORT OF SUPERVISOR OF MUSIC.

Upton, Mass., December 27, 1920.

MR. GEORGE A. COE, SUPERINTENDENT OF SCHOOLS:—

Dear Sir:—

My four months of work in the Upton schools have been most pleasant, and the pupils and teachers have been very enthusiastic in their response in taking up the course of study.

Victrolas have been placed in all of the school buildings, and through the use of the educational records, the teaching of art songs and rhythmic problems and the ability to hear tone through the use of the orchestral records and charts, will be much more rapid. They are also a great factor in stimulating the love of music and of creating a desire for a more extensive knowledge of this important study.

A glee club has been formed in the Senior High School and is already doing very creditable work for so short a period of time.

The Junior High School has a compulsory study period and the pupils are showing rapid progress and interest and will greatly aid the club upon entering it next year.

The Senior class of the high school is to be commended for their ability to purchase and pay for a fine victrola and numerous artistic records.

My thanks are due to the teachers, parents and friends of the schools for so generously responding for funds for the victrolas. I wish to thank the School Board for their timely supply of necessary books in all the schools, and you, also for your hearty co-operation in aiding me to carry out my ideals.

Respectfully submitted,

MARY E. RANDALL,

Supervisor.

Overdraft	\$19,127 90
	277 97
	————
	\$18,849 93

This overdraft is due to a decision of the School Committee to take advantage of an opportunity to purchase coal during the summer at \$13.75 a ton in car load lots. In view of the belief that the price this winter would be higher and that it was even possible that there would be a shortage, two car loads were purchased with the result that while they have an overdraft of \$277.97 in accounts, there are in the bins at the three buildings, over 50 tons of coal. This coal cost \$687.50 and at present prices is worth \$875.00.

SAMUEL B. YOUNG,
 HENRY A. TUTTLE,
 FRANK O. OGDEN,
 School Committee of Upton.

I have examined the foregoing account and find it correct.

 Auditor.
