PROCEEDINGS OF THE ANNUAL TOWN MEETING
FEBRUARY 3, 1941.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, SS.

Pursuant to the foregoing warrant, the legal voters of the Town of Upton met in Town Hall in said Upton, on *Monday, the Third day of February, 1941.* The meeting was called to order at seven o'clock, A. M. by Moderator Malcom C. Temple, and the warrant and officer's return thereon was read by the town clerk.

On motion by Selectman Earl G. Crockett, reading of the articles calling for appropriations and other special matters beginning with Article 2, was waived. Henry E. Allard seconded the motion, and it was so voted.

Article 1. Kenneth W. Wood, Patrick Slattery, Henry E. Allard and Howard Leland, having been appointed by the selectmen as election officers, with Edwin B. Houghton in charge of the ballot box, were duly sworn by the town clerk before balloting started.

Cards of instructions and specimen ballots having been posted as the law directs, a wax-sealed package containing 1400 official ballots as received by the town clerk from the printer, was delivered to Messrs. Slattery and Wood.

The ballot box, shown to the voters present to be empty, was locked and the indicator set at 0000. Keys to the ballot box were turned over to Acting Chief of Police Daniel H. Bates, who was in attendance throughout the period that the polls were open.

The first ballot was cast by Selectman Crockett after the polls were declared open by Moderator Temple. Mrs. Bessie Atwood was the second voter and the first woman voter to cast a ballot.

At hourly intervals during the voting hours, the ballots cast were as follows (total): 8 A. M., 97; 9 A. M., 145; 10 A. M., 188; 11 A. M., 251; 12 noon, 285; 1 P. M., 419; 2 P. M., 502; 3 P. M., 602; 4 P. M., 686; 5 P. M., 770, and 6 P. M., 984. Moderator Temple closed the polls at 6 P. M., according to the town's By-Law governing town elections. Upton had 1311 eligible voters of whom 984 cast ballots, seventy-five percent of the town's voting populace.

The following persons, having been appointed to canvass the vote, reported at 4 P. M. and were duly sworn to perform their duty as tellers: Arthur Leslie, Miss Grace Murphy, Mrs. Margaret Gurry, Miss Dora M. Whitney, Mrs. Elizabeth Victor, Mrs. Bessie Atwood, Clayton Reynolds, Mrs. Helen Donham, Miss Helen A. Fay, Eben T. Hall, Leroy W. Prentiss, Michael Shaughnessy, Ernest Henchey, Raymond F. The check lists were compared by Messrs. Slattery and Wood at in-coming table and Messrs. Allard and Leland at ballot box, following the closing of the polls. They reported a total of 984 persons had voted, corresponding to the number of ballots which were removed from the ballot box for the tellers to canvass. Of the 984 persons whom voted, 529 were men and 455 women.

The ballots having been counted and tabulation completed, public declaration was made by Town Clerk Newton at 9.45 P. M.

Road Commissioner Henry H. Wood motioned that \$4500. be appropriated for Chapt. 81 highway work, as customary, instead of the \$4225.00 as recommended by the Finance committee, and it was duly seconded. Selectman Earl G. Crockett stated that much opposition had been raised by officials of 18 towns at the State House which were slated to lose their entire Chapt. 81 allotment, but since the protests he believed that the full amounts would be allotted as in recent years. He said that the allotments are based on mileage and Upton has been credited with only 57 miles for 1941. He said this was incorrect, in his opinion, because some town highway was in the State Forest for which Upton had not received credit for 1941. The \$4500.00 was then appropriated.

Selectman Charles R. Stuart motioned that the recommendation of \$2000.00 for the Town Infirmary be deferred until after Article 18 had been acted, and it was so voted. The item, when later considered, was acted upon favorably.

Michael Shaughnessy spoke at length on the \$500.00 appropriation for foreclosure of Tax Titles held by the town. He warned that legal action may be brought against the town at some future date for alleged illegal taking or selling of certain properties for taxes. Others speaking on this subject were Town Counsel Henry C. Walker, Selectmen Crockett and Stuart, and Town Treasurer Leo F. Murphy.

BORROWING MONEY.

Article 5. Voted: on motion of Town Treasurer Leo F. Murphy that the town treasurer, with the approval of the selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1941, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws. There was no opposition.

CHAPTER 90 MAINTENANCE.

Article 6. Voted: on motion of Road Commissioner Henry H. Wood and duly seconded that the sum of One Thousand Dollars (\$1000.00) be raised and appropriated, to be used in conjunction with any monies which may be allotted by the State or County, or both, for Chapter 90 Maintenance work.

MENDON ROAD, CHAPTER 90.

Article 7. Voted: on motion of Road Commissioner Henry H. Wood and duly seconded to appropriate the sum of Two Thousand Dollars (\$2000.00) from unappropriated funds in the Town's treasury, to be used with any monies received from the State or County, or both, for further improvement of Mendon road.

Former Selectman Eben T. Hall said that no one present desired to encourage economy any more than he did but that

he felt that it was a good investment to better highways when the State and County would allot money as it also furnished employment to men who might otherwise be out of work, and in some instances would request financial assistance from the town. He added, in substance, "I will not ask for any damages for land I own" in connection with the proposed improvements on this highway.

SAMUEL WALKER CASE.

Article 8. Voted: on motion of Town Treasurer Leo F. Murphy that Five Hundred and Twenty Dollars (\$520.00) be raised and appropriated, to be used toward the settlement of an Industrial Accident Board decree in the case of Laura Walker, administratrix of the estate of Samuel Walker, against the Town of Upton.

WPA PROJECTS.

Article 9. Voted: on motion of Selectman Crockett and duly seconded to raise and appropriate Twelve Hundred Dollars (\$1200.00) to be used by the Selectmen for materials, truck hire, and administration of WPA projects.

George A. Whittemore inquired if the town had any WPA project or projects. Former Selectman Peter Robson stated that 12 miles of new sidewalks had been approved. Selectman Crockett asserted that the town had only one "live" project—namely, a Farm-to-Market project—as soon as certification is given as to what streets the work is to be done on. Former Selectman Merrill S. White said that releases had been obtained from abutters for sidewalk-construction on Milford street, Upton Center, and Main street, West Upton, from Knowlton Hall block to the G. H. Davis' property, and that project papers had been prepared for filing sometime ago. Selectman Crockett stated that he had been informed at the Worcester WPA district office that a sidewalk project application had been received only that day (Feb. 8, 1941). Town Treasurer Murphy said he believed that the town should have

a sidewalk-construction program to include North Main street, leading to Lakeview cemetery; Milford street, and elsewhere where they would benefit many townspeople.

UNPAID PUBLIC WELFARE BILL.

Article 10. Voted: on motion of Samuel F. Wentworth, chairman of the Public Welfare board, with amendment, after considerable discussion, that the town raise and appropriate One Thousand One Hundred and Four Dollars and Sixty-Four cents (\$1104.64) for payment of a Public Welfare bill to the City of Worcester with the Town Counsel to negotiate the payment of said bill. Mr. Wentworth, Selectman Crockett, George A. Whittemore and Town Counsel Walker spoke.

EMERGENCY OLD AGE ASSISTANCE APPROPRIATION.

Article 11. Voted: to raise and appropriate One Hundred Twenty-One Dollars and Fifty-One Cents (\$121.51) for 1940 Old Age Assistance for which the Selectmen declared an emergency existed on Dec. 30, 1940, at request of the Public Welfare department, in order to make full payment of payroll at that time.

COMMUNITY BLUE SPRUCE TREE.

Article 12. Voted: to transfer the sum of One Hundred Dollars (\$100.00) appropriated under Article 17 at the 1939 annual town meeting for purchase and setting of a blue spruce tree on Upton Common, Central square, to the unappropriated funds in the town's treasury.

ESTABLISH MACHINERY FUND.

Article 13. Voted: on motion of Road Commissioner Henry H. Wood to establish a Machinery Fund.

MACHINERY ACCOUNT.

Article 14. Voted: on motion of Road Commissioner Wood to transfer Seventy-Five Dollars (\$75.00) from the Machinery Fund to the Machinery Account.

TOWN HALL CHAIRS.

Article 15. Voted: on motion of Selectman Charles R. Stuart to raise and appropriate Five Hundred Dollars (\$500.00) for the purchase of new chairs for Town Hall. Mr. Stuart stated it had been estimated that approximately 130 new chairs could be purchased to correspond to the style bought a few years ago.

SALARY FOR TAX COLLECTOR.

Article 16. Voted: on motion of Selectman Crockett to establish the salary of Tax Collector at Seven Hundred Fifty Dollars (\$750.00). Tax Collector Ernest Wellman stated that the demands fee which he has received in the past years now goes to the town which has decreased his remuneration for his work.

ESTABLISH SALARIES.

Article 17. Voted: to establish the following salaries for the Cemetery Commissioners; chairman, \$10.00; treasurer, \$20.00, and clerk, \$25.00, per year. Also to reduce the salary of the Board of Health clerk from \$40 to \$25.

TOWN INFIRMARY.

Article 18. Voted: on a substitute written motion offered by Malcolm C. Temple and duly seconded, "That the Board of Public Welfare, the Selectmen, and three voters to be chosen from the floor, be appointed as a committee to have the authority to make a change in the operation of the Town Infirmary for a limited period of time, said plan to become operative within Sixty (60) days."

In making the original motion which called for the closing of the infirmary, Selectman Crockett stated he did so in order to get the agitated subject before the voters for discussion which he believed should be settled on the floor at a town meeting.

Harrison E. Bates said he understood there were three inmates at the infirmary who are eligible for Old Age Assistance and made an amendment to let out the infirmary property, with certain conditions including a proviso that the tenant could not cut and sell wood or destroy any of the town's property.

David Thompson, Merrill S. White, Eben T. Hall, Charles W. Childs, George A. Whittemore, Selectman Crockett and Michael Shaughnessy were among those taking part in the discussion.

Moderator Temple invited Mr. Whittemore to take over the moderator's duties temporarily. Mr. Temple then took the floor and spoke on the subject, stating he desired to offer a substitute motion.

At this point, Selectman Crockett and Harrison E. Bates withdrew their motion and amendment, respectively. Mr. Temple's substitute motion was prepared in writing, including an accepted suggestion by Fire Chief George N. O. Poirier that a time be designated for such a change to become operative. It was embodied in Mr. Temple's motion. After the substitute motion had been acted favorably upon, election of three voters from the floor followed.

Selectman Crockett proposed the name of Town Counsel Henry C. Walker, Peter Bodreau proposed Harrison E. Bates, Mrs. Ruth Fiske proposed Raymond F. Lyford, Selectman Stuart proposed Charles A. Davis, a member of the Finance committee.

With four names proposed and three voters to be chosen, Selectman Stuart withdrew the name of Mr. Davis. Mr. Lyford then requested to withdraw his name, stating that he

did not feel qualified on farming problems to serve on the committee. Town Counsel Walker spoke likewise but was prevailed upon to allow his name to remain for consideration of the voters because of his legal advice to the committee. Selectman Stuart then re-nominated Charles A. Davis, followed by Mrs. Ruth Fiske proposing the name of Malcolm C. Temple and Walter J. Stank proposed the name of William R. Sanders. William Carroll's name was submitted which he immediately withdrew from consideration.

At this time, Moderator Temple resumed his duties as moderator. He took the list of nominees in order nominated. Town Counsel Walker, Harrison E. Bates and Charles A. Davis were declared elected to the committee by acclamation.

Chairman Wentworth of the Public Welfare board queried who should call a meeting of the special committee. The moderator ruled that inasmuch as he was chairman of the first Board named in the motion that he should call the organization meeting of the committee.

Before Article 19 was taken up for consideration, Town Treasurer Murphy called attention to the fact that the item for "Town Infirmary" under Article 4, General Appropriations, had been deferred until action had been taken on Article 18. On motion of Selectman Stuart it was voted to raise and appropriate Two Thousand Dollars (\$2000.00) for the Town Infirmary.

AUTHORIZATION TO SELL LIVESTOCK AND POULTRY.

Article 19. Voted: that the Board of Public Welfare or the special committee appointed to make a change in operation of the Town Infirmary, jointly or separately, be authorized to dispose of the livestock and poultry at the Infirmary, if deemed necessary and advisable for the best interests of the town.

DEPARTMENTAL INVESTIGATOR.

Article 20. Passed over this article which was to see if the Town would authorize the Board of Public Welfare and

the Board of Selectmen to appoint an investigator for Old Age Assistance, Aid to Dependent Children, Public Welfare, and Soldiers' Relief Cases, and to authorize the payment of a salary not to exceed Twelve Hundred Dollars (\$1200.00) per year, to be paid proportionately from the above appropriations.

LOCAL COMMODITY STORE.

Article 21. Voted: on motion of Selectman Crockett to establish a storage and disbursing place for Federal Surplus Commodities which may be received by the Town. He stated that according to most recent records there were 74 families representing 268 persons receiving such commodities in Upton. Harrison E. Bates speaking on the article charged that there had been some people getting such commodities who were not entitled to them, and added that if a distributing place was established, he doubted if such persons would continue to be recipients.

J. ORSON FISKE W. R. C. PROPERTY.

Article 22. Voted: on motion of Town Counsel Henry C. Walker and duly seconded to appropriate Seventy-Five Dollars (\$75.00), an offer to J. Orson Fiske Woman's Relief Corps for chairs, stoves and tables as stated in Article 4. Walter Allen and Mrs. Lois Prentiss also spoke. (On Feb. 10, 1941, the J. Orson Fiske Woman's Relief Corps voted not to accept the offer of \$75.)

GIFT OF AMBULANCE.

Article 23. Voted: on motion of Daniel H. Bates to accept the gift of an ambulance to the Town of Upton from the Upton Fire Department Hose Coupling team. Selectman Crockett amended the motion that the Town Clerk be instructed to send a letter of thanks to the Hose Coupling team.

AMBULANCE MAINTENANCE.

Article 24. Voted: that the Town raise and appropriate the sum of Fifty Dollars (\$50.00) for maintenance of the ambulance; that its supervision be left to the Board of Fire Engineers, and that the liability insurance on the ambulance be paid from the Town's "Insurance" appropriation. Fire Chief Poirier stated that it was the intent of the donors that there be no charge made for the use of the ambulance for any inhabitant of the Town of Upton and that in case of an accident, a bill would be sent to the insurance company or companies having policies on said person or persons.

A total of \$80,322.19 was appropriated under Article 4. With special articles, the total appropriations was \$86,893.34 of which \$2000.00 for Chapt. 90 Mendon Road work is to be taken from unappropriated funds, leaving a balance of \$84,893.34 to be raised by taxation.

Town Treasurer Murphy motioned that all money for appropriations, except Article 7 (Mendon Road), made during the meeting, be raised by taxation. It was so voted. The Warrant was then dissolved by vote at 5.25 P. M.

EARL G. CROCKETT,
CHARLES R. STUART,
ALEXANDER KENNEDY,
Selectmen of Upton.

Upton, Mass., October 17, 1941.

By virtue of the within warrant, I have this day notified the inhabitants of the Town of Upton herein described, to assemble in their Town Hall on Friday, the Twenty-fourth day

of October, current year, for the purposes within mentioned by posting attested copies of the within warrant in each of the Post-Offices and on the Town House, seven days before the meeting aforesaid.

A true copy, Attest:

DANIEL H. BATES,
Constable of Upton.

PROCEEDINGS OF THE SPECIAL TOWN MEETING,
OCTOBER 24, 1941.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Pursuant to the foregoing warrant, a special town meeting took place in Town Hall, Friday, the Twenty-fourth day of October, 1941. Moderator Malcolm C. Temple called the meeting to order. About 35 voters were in attendance. The Selectmen's call of the meeting and officer's return were read by the Town Clerk.

NEW TOWN HALL BOILER.

Article 1. Voted: on motion of Chairman of Selectmen Earl G. Crockett, seconded by Selectman Charles R. Stuart, that the sum of Three Thousand Dollars (\$3000.00) be raised and appropriated for the installation of a new boiler in the Town Hall building, said amount to be provided for by a transfer from the Overlay Reserve Fund, details of said installation to be left in the hands of the Selectmen, upon approval of the Finance Committee. No dissenting vote.

On the original motion, Selectman Crockett asked for the transfer of Twelve Hundred Dollars (\$1200.00) from the Overlay Reserve Fund, which was seconded. He explained that the larger of the boilers under the main hall had been condemned and the second boiler was in need of repair. A third

boiler that heats the front section of the building is located in the former so-called Upton Farmers' Club meeting room. The speaker stated that sections could be added to the proposed new boiler as needed at any time.

Charles A. Davis, chairman of the Finance Committee, suggested that a whole new heating unit be installed at one time as an economy move thereby having one boiler in place of the three present boilers. Subsequently Mr. Davis amended Dr. Crockett's motion to increase the transfer to \$2500.

In answer to a query of Chairman Davis of the Finance Committee, Moderator Temple requested Town Counsel Henry C. Walker to take the chair. Mr. Temple stated that he believed the installation of a single heating unit for the building would not exceed \$2500. He suggested that a motion be framed that the Selectmen, with the approval of the Finance committee, be empowered to install a new heating unit for the entire building and a sum not to exceed \$3000.00 be appropriated. Mr. Davis then withdrew his amendment and Chairman Crockett likewise withdrew his original motion after which the latter made the motion calling for a transfer of \$3000 from the Overlay Reserve Fund which was voted.

Others speaking on the article were Fire Chief George N. O. Poirier, who endorsed the plan for a single heating unit for the building if there was sufficient money; Harrison E. Bates, Selectman Alexander Kennedy, Town Treasurer Leo F. Murphy and George A. Whittemore.

During the discussion of the article it was stated by Chairman Crockett that two estimates of the cost of replacing the condemned boiler had been obtained and a heating engineer had been consulted. He added that no estimate had been obtained for a single heating unit for the building as the Selectman at the time had considered a lesser appropriation to replace the faulty boiler.

NORTH MAIN STREET SIDEWALK.

Article 2. Voted: on motion of Selectman Charles R. Stuart, duly seconded, that the sum of Five Hundred Dollars (\$500.00) be appropriated for the construction of a sidewalk on the easterly side of North Main street, between Main street, at so called Central Square, and Lakeview Cemetery, under the direction of the Selectmen. That the money be provided for by transfer from the appropriation hitherto made for materials, truck hire, and administration of WPA Projects.

Merrill S. White motioned to amend the motion "that the sum of Five Hundred Dollars (\$500.00) be appropriated to construct sidewalks in the Town of Upton, first on Milford street from Central Square to Elm street; then on North Main street from Central Square to the Cemetery. Payment for same to be provided by transfer from the WPA Projects appropriation." It was not seconded.

During the discussion of the article it was stated by speakers that releases had been obtained last year for construction of a sidewalk on Milford street between Central Square and Elm street and that a wall would have to be constructed in connection with this project when done. Speakers agreed such a sidewalk was needed but questioned if \$500 was sufficient to build Milford street and North Main street sidewalks.

FOREST FIRE WARDEN.

Article 3. Voted: on motion of Forest Fire Warden Walter J. Stank and duly seconded that the Town vote to transfer from the 1941 Public Welfare, Town Infirmary appropriation hitherto made, the sum of Six Hundred Dollars (\$600.00) for the Forest Fire Warden appropriation.

OLD AGE ASSISTANCE.

Article 6. Voted: on motion of Samuel F. Wentworth and duly seconded that the Town vote to raise and appropriate the sum of Town Hundred Dollars (\$200.00) for Old Age Assistance, said amount to be provided for by transfer from the Overlay Reserve Fund.

SIDEWALKS AND STREET SIGNS.

Article 7. Voted: on motion of Selectman Charles R. Stuart and duly seconded that the sum of One Hundred Twenty-nine Dollars and Eighty-nine Cents (\$129.89) be appropriated for Sidewalk Construction and Street Signs and provide for the appropriation by transfer from the following appropriations hitherto made: 1939 G. A. R. Hall Building Toilets and Heating \$48.80; 1940 G. A. R. Hall Building Heater \$8.00; 1941 City of Worcester, Public Welfare Bill, \$63.88, and 1941 Town Hall, New Chairs, \$9.21, totaling \$129.89.

SOLDIERS' RELIEF.

Article 8. Voted: on motion of Selectman Charles R. Stuart and duly seconded that the sum of Three Hundred Fifty-nine Dollars and Sixty-seven Cents (\$359.67) be appropriated for Soldiers' Relief, the amount to be transferred from the 1941 appropriation hitherto made for the purchase

of certain furniture of the J. Orson Fiske Woman's Relief Corps in Grand Army Hall, \$75.00, and from 1940 appropriation for Town Hall Structural Improvements, \$284.67.

PLAYGROUNDS.

Article 9. Voted: on motion of Chairman of Selectmen Earl G. Crockett that the Town appropriate the sum of Five Hundred Dollars (\$500.00) to be used under the direction of the Selectmen in continuing improvements at the Playgrounds, the amount to be transferred from the appropriation hitherto made for materials, truck hire and administration of WPA Projects. Standing vote: Yes 21, No 8.

Chairman Crockett, Harrison E. Bates, Joseph W. Gorman and George Whittemore spoke while the article was under discussion.

Unable to determine the result of the voice vote, Moderator Temple asked Constable Charles S. Kelley to make count of a standing vote on the question.

AMBULANCE JACKS.

Article 10. Voted: on motion of Selectman Alexander Kennedy that the sum of Fifty Dollars (\$50.00) be appropriated for the purchase of two hydraulic jacks to be used as equipment of the Town Ambulance, the amount to be transferred from the 1941 appropriation hitherto made for Public Welfare, Town Infirmary, acquiring of said jacks to be left with the Board of Fire Engineers. Motion was duly seconded.

Voted to dissolve the warrant.

GENERAL LAWS, CHAPTER 46, SECTION 3.

(As Amended by Chapter 281, Section 1, Acts of 1925).

Every physician, or hospital medical officer registered under section nine of chapter one hundred and twelve, in this chapter called officer, shall keep a record of the birth of every child in cases of which he was in charge, showing date and place of birth, the name, if any, of the child, its sex and color, the name, age, birthplace, occupation and residence (including the street number, if any, and the ward number, if in a city) of each parent, the maiden name of the mother and the name of the physician or officer, if any, personally attending the birth. Said physician or officer shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report stating the facts hereinabove required to be shown on said record and also the said written request, if any; provided, that if said report is not so made within forty-eight hours after such birth, said physician or officer shall, within said

REPORT OF TOWN COUNSEL.

December 31, 1941.

TO THE BOARD OF SELECTMEN, TOWN OF UPTON:

As Counsel for the Town of Upton, I submit my second annual report.

During the year, at the request of the Board of Selectmen, I attended all the regular and most of the special meetings of the Selectmen, and the meetings of the Town.

Numerous and varied legal problems presented themselves such as rules and regulations for the Board of Health, which were drafted and submitted to the Board for its consideration, requisition forms for use in departments, new forms for the disposition of animals under Order No. 34, Section 3 of the Division of Live Stock Disease Control, a license for operation of a bus line, alcoholic beverage regulations, priorities, and other general matters.

Specifications were drawn and a contract executed with Palmer & Chase of Framingham for the installation of a heating system, a lease was drawn and executed in connection with the Town Infirmary.

In August twelve instruments of taking for non-payment of taxes were executed and recorded with the Registry of Deeds.

Four deeds of redemption, not included in tax titles, were drawn. Three tax matters in this regard presented controversies, and were disposed of upon receipt of \$169.60 by the Town.

Acting under authority of the vote of the Town at its annual meeting, the claims of the City of Worcester, arising out of welfare aid furnished, amounting to \$1,104.64 was settled by payment of \$1,040.76, representing a saving to the Town of \$63.88.

Action was started to collect \$11.00 damage to a fence on the highway, which was recovered by the town.

A claim of \$20.15 was presented to the Town by the City of Worcester, and denied in favor of the Town.

Still pending in the Milford District Court is an action by the Town of Upton vs Town of Grafton.

Pending in the Central District Court at Worcester is the case of the City of Worcester vs Town of Upton. The liability of the town is materially reduced this year owing to the payment direct to the City of Worcester by one of the welfare recipients concerned, and it is doubtful that Upton will ever be obligated to pay anything in settlement of this particular case.

FORECLOSURE OF TAX LIENS.

On July 12, pursuant to the vote of the Town I received \$500 for the purpose of foreclosing certain tax liens held by the town for non-payment of taxes, dating back to 1930 and 1931. Numerous efforts were made during the spring, on the part of the tax collector, town treasurer, and the committee appointed by the Selectmen to investigate tax titles, to collect the taxes due. These attempts being of no avail, foreclosure proceedings were instituted in the Land Court at Boston on July 17, 1941, and a statement of the cases follows:

Equity Owner	Expenses	Refund or Redemption	Status
	Paid	Received	
Farnum Estate	\$31.40		Pending
Glenwood Mfg. Co.	51.65		Pending
Daniel E. Jacobs	31.20		Pending
Elbridge Anderson	32.20		Pending
Scuiba Estate	33.25	\$9.50	Closed
Desgarlais Estate	32.60	4.00	Closed
Warren Estate	32.60	8.50	Closed
Walker Estate	32.60	7.75	Closed
Libby-Ferguson	32.60	7.75	Closed
Tuxeria	32.60	336.38	Closed

The Tuxeria title was the only one redeemed, and the amount received in full settlement was \$325.88, which was paid by one of the respondents in the case; the difference of \$10.50 was paid by the Land Court as a refund.

The following indicates titles absolute now owned by the Town, and I respectfully recommend that all land recovered by the town by virtue of foreclosure proceedings be sold so that this property may be placed in the hands of new taxpayers in the best interest of the town:

Former Equity Owner	No. of Acres	Assessed Valuation
Scuiba Estate	38	\$400.00
Desgarlais Estate	58	900.00
Warren Estate	37½	150.00
Walker Estate	½	500.00
Libby-Ferguson	45	450.00

Total valuation of property recovered by foreclosure \$2,400.00

I recommend that in the future all tax liens which are ripe for foreclosure be foreclosed. If this is done, it is most unlikely that the Town will be forced to foreclose more than two or three titles annually. By this procedure, the town is complying with the requirements of law, and delinquent taxpayers are more inclined to redeem property within the two-year period when the fact of foreclosure is ultimate.

It is with a deep sense of gratitude that I thank the various departments and members individually and collectively, town officials and employees, for the kind assistance and co-operation given me during the past year.

Respectfully submitted,

HENRY C. WALKER,
Town Counsel.

REPORT OF THE SPECIAL COMMITTEE
RELATIVE TO THE TOWN INFIRMARY.

To the Voters of the Town of Upton:

At the annual meeting of the town in February, 1941, the following committee was appointed for the purpose of taking definite action in relation to the Town Infirmary: Dr. Earl G. Crockett, Alexander Kennedy, Charles R. Stuart, Samuel F. Wentworth, Robert K. Sweet, Charles W. Childs, Harrison G. Bates, Charles A. Davis, and Atty. Henry C. Walker.

The first meeting of the Committee was held on February 14, 1941, at which time it was organized. Mr. Wentworth was elected Chairman, and Mr. Walker, Secretary.

The second meeting was held on February 17, and at this meeting a Sub-Committee comprising Mr. Bates, Mr. Davis, and Mr. Wentworth was elected for the purpose of investigating infirmary conditions and experiences in Douglas, Grafton, Westboro and North Brookfield.

On February 28, 1941 the third meeting was held. At this time the Sub-Committee elected on February 17th, reported most favorably relative to the North Brookfield Infirmary, and after hearing and considering recommendations relative to North Brookfield from other outside sources, it was voted to accept the offer of North Brookfield of paid guests at \$6 per week per guest. There are two Upton guests now living in North Brookfield where they are receiving a comfortable home, and far better facilities and conveniences than Upton has afforded them in the past. A third guest took advantage of Old Age Assistance provisions. At this meeting it was voted that all the live stock at the infirmary be sold.

A fourth and final meeting was held on March 6, 1941, at which time it was unanimously voted to lease the Infirmary building and land at \$1 for a term expiring after action is

taken by the town at its annual meeting in 1942. This procedure was deemed advisable for the protection and improvement of the town's property. \$587.00 was received for sale of the live stock. The saving to the town of Upton is approximately \$950.00 for nine months of the year 1941.

As a Committee we worked with two objectives in mind. First, the welfare and comfort of those unfortunate persons who through advanced age, sickness and other circumstances have become town charges and therefore guests at the Infirmary. Second, the general welfare of the taxpayers of Upton and the possibility of saving unnecessary expenses. The rapid changes in social and economic conditions in our country today have brought about a very pertinent question: Is a Town Infirmary a necessity, a convenience, or a luxury? We believe that the prospects of ever having a large number of guests at the infirmary is now remote in the absence of some unusual and unforeseen circumstance beyond our view today. The balance of the appropriation made last year is a saving, and speaks for itself. We believe that our decision in this matter will prove of greater advantage to the taxpayers during 1942.

State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Upton for the period from May 11, 1938, the date of the previous audit, to May 31, 1941, and submit the following report thereon:

The records of the financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by comparison with the reports and the records in the town treasurer's office, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on May 31, 1941.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were compared with the records of the several departments collecting money for the town and with other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's orders authorizing the treasurer to disburse town funds.

The treasurer's cash book additions were verified throughout for the period of the audit, and the cash balance on May 31, 1941, was verified by reconciliation of the bank balance with a statement furnished by the bank of deposit and by actual count of the cash in the office.

The payments on account of maturing debt and interest were compared with the amounts falling due and with the cancelled securities on file.

The tax title deeds on hand were examined and listed, and the amounts transferred to the tax title account were compared with the Collector's records. Further verification of the tax titles as listed, was made by comparison with the records in the Registry of Deeds.

The savings bank books representing the investment of the trust funds in the custody of the treasurer were examined and listed, the income being proved and the withdrawals verified.

Many clerical errors were found in the check books kept by the treasurer, and it is, therefore, recommended that the treasurer properly reconcile his bank balance at least as often as once each month, and that he prove his cash book balance with the balance in the bank and the cash in the office at least once each month.

Attention is called to the fact that expenditures for highway projects carried on by the town in conjunction with the State and County may not exceed the aggregate amount of the appropriations voted by the town, together with the amounts actually received on account of allotments. Whenever the reimbursements from the State and County are not received in time to provide funds for payment of pay-rolls and materials, temporary loans under the provisions of Section 6A, Chapter 44, General Laws, should be issued by the treasurer.

In checking the original bills it was noted that payments have been made for insurance for firemen and also for insurance covering privately owned buses used to transport school children, although there is no statutory authority for such payments.

The books and accounts of the tax collector were examined and checked. The commitments of taxes were compared with the warrants issued by the assessors, the abatements as

recorded were checked with the assessors' records of abatements granted, the recorded collections were checked with the payments to the treasurer as recorded on the treasurer's cash book, the cash on hand on May 31, 1941, was verified by actual count, and the outstanding accounts were listed and proved.

Verification of the outstanding taxes was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received, it appears that the accounts, as listed, are correct.

The town clerk's records of dog licenses issued on behalf of the county and for sporting licenses, the proceeds of which are paid to the State, were checked, and the payments to the town and to the State were verified.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

In addition to the departments mentioned, the books and accounts of the scaler of weights and measures and of the selectmen, as well as of the fire, health, public welfare, school, library, and cemetery departments were examined and town and to the State were verified.

During the audit, cooperation was extended by all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

LIBRARIAN'S REPORT.

TO THE TRUSTEES OF THE UPTON LIBRARY:—

The librarian herewith submits the annual library report together with library statistics, list of periodicals and the catalog of new books.

Books have been purchased and added to the Dr. Carpenter alcove as required.

The following magazines have been added to the list of periodicals: Hobbies, Home Craftsman, Life and Saturday Evening Post. The Clubwoman has been given by the President of the Upton Woman's Club. Issues of the Bulletin of Pan American Union have been received from Mrs. John Dearth and the Woman's Home Companion from Mrs. Charles Pearson.

Twelve new shelves added to the section for fiction, relieve somewhat the crowded condition of the stacks.

In April the volumes contributed by townspeople, were taken to the office of the Worcester Telegram and Gazette where those newspapers were collecting books for Camp Edwards.

From May 28 to June 14 an exhibit of Manual Arts, arranged by Mr. Dana Stanley, gave all who came to the library the opportunity to see, in the skillfully made and carefully finished articles of furniture, the exceptionally fine work done by the eighteen boys of Grade VIII.

During Book Week in November the new books purchased for young people were on display. Copies of the 1941 Poster "Forward with Books" were placed in the schools and book-marks, with the poster in miniature, were given out at the library.

Two volumes of town reports were bound this year. The library now has the Reports of the Town of Upton, from 1870 to 1940 inclusive, bound in ten volumes.

The Upton Woman's Club this year has given to the library three books: "You can enjoy music", "Plays of

America's achievements" and "Collector's manual" in memory of Miss Eleanor B. Adair, Mrs. George R. Pierce and Mrs. Merton Wood. The Upton Juvenile Grange gave a sum of money with which a book of School Plays has been purchased. Gifts of books have also been received from the following: Mrs. Walter Allen, Bernard M. Baruch, Mrs. Chester Bolton, Hans V. Briesen, Carnegie Corporation of New York, Louise Howard, Commonwealth of Massachusetts, Alfred P. Sloan, Jr., and Henry W. Taft. Gifts of flowers; nasturtiums from Mrs. Newton Frost, zinnias from Miss Lizzie Ball and a winter bouquet from Mrs. Eben Hall, have been appreciated.

Respectfully submitted,

HELEN A. FAY,

Librarian.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

January 1, 1942.

TO THE SCHOOL COMMITTEE.

I herewith submit my third annual report as Superintendent of the Upton Schools. In addition to the usual statistical data, there are included reports by my colleagues covering the work of the fiscal year 1941.

COMMITTEE CHANGES.

Mr. Frank Ogden was elected at the annual town meeting to succeed Mr. Halbert K. Struthers. The committee organized with Mr. Fred Wood as chairman and Mr. Frank Ogden as secretary.

ENROLLMENT.

Our schools opened in September with a total enrollment of 405, compared with 398 last year. There will be a tendency for more high school pupils to leave school as soon as they reach the age of sixteen because the labor shortage will grow increasingly acute when larger numbers of young men are drafted into the army.

FACULTY CHANGES.

Mr. James O'Leary resigned as teacher and coach in the high school in April to accept a better paying position in Stoughton High School.

Mr. Paul McMahon was appointed as substitute for the remainder of the year. In August, Mr. McMahon was rehired as a substitute for another year.

Miss Ellen Mulhall resigned as teacher and coach in the high school to accept a better paying position in Ashland.

Miss Elizabeth Bagley of Framingham was appointed to the high school faculty to fill the vacancy caused by the resignation of Miss Mulhall.

SPECIAL CLASS

The intelligence tests given last year showed that there were at least 16 children enrolled in our schools who were three or more years mentally retarded. The law states that we must open a special class if there are ten or more mentally retarded pupils living in town. Before putting the town to the additional expense of hiring a new teacher for this class as required by law we are waiting until Dr. Wellington administers the tests to the present first grade pupils. Through further conference with the State Department of Education, the superintendent hopes to have some of the pupils who have been assigned to the class excused. If enough are excused, we shall not be required to start such a class for at least another year.

THE EFFECTS OF THE WAR.

The unprovoked attack by the Japanese on Pearl Harbor followed by the United States declaration of war has thrown our entire nation into confusion. The country as a whole has been swept by indignation and by an earnest patriotic response to our government's needs, but there is much uncertainty as to what course of action is best for each individual, as to what type of danger the civilian population is most likely to encounter, and as to what necessary preparations are most urgent. Conflicting suggestions come from every side.

If the adult population is thus disturbed, one need not ask how the children are affected. They are nervous and excited too. Their minds are not concentrating on their studies. They are eager to leave school and get into industry or into the armed forces of their country in order to help do their bit to preserve our democratic form of government. Only the age limitations of the army, navy, and industry have served to keep many of them in school.

Up to this time there have been many conflicting opinions, suggestions, and orders as to what to do with the school children in case the air raid alarm sounds. No one wants to assume the responsibility of picking out a safe place for them under these conditions, and it is too costly and almost impossible to build a bomb proof shelter for them. Therefore it seems that for the best interest of all, the pupils should be sent home. There their parents, who are responsible for their children, can find a safe place for them.

The following orders, issued by the Superintendent of Schools, will be followed until further notice:

1. When the air raid alarm sounds, the bus drivers shall drive their busses to the schools and get their regular bus pupils. The elementary children shall be taken home first.

2. When the air raid alarm sounds, all school work shall cease. The pupils, under the direction of their teachers, shall get their wraps and return to their home rooms in an orderly fashion. They shall then be led in groups away from the building. The bus children are to be kept together on the school grounds until the busses arrive. All other children shall be escorted along the streets in the direction of their homes, with the instructions to go directly home and to stay off the streets. Schools will be closed for the rest of the day.

3. In case of an air raid alarm, parents are asked to cooperate. The following are a few suggestions:

a. Parents should realize that if they rush to the schools to get their children, they will only add further confusion to the situation. If they hurry there in a car, they will probably block the streets and slow up the evacuation program. In the excitement, there would be a strong possibility of having an accident and killing or injuring a child.

b. As soon as a child reaches home, he should be kept off the street for the rest of the day.

c. Please do not try to call the school on the telephone. You will distract some teacher from her duty and also prevent the sending and receiving of emergency calls.

REPAIRS.

BALL SCHOOL.

In the superintendent's report last year he mentioned that some progress had been made in an effort to get WPA assistance in repairing the Ball School sewerage system. With their hopes still high, the committee waited patiently until the end of the school year in June before abandoning the idea of getting WPA help. They then took it upon themselves to try to do the job without federal assistance. Mr. Henry Poirier was given charge of the work, and an additional cesspool with new filtration pipes was installed. The new installation seems to have remedied the situation, and we are no longer troubled with the sewerage backing up into the basement as it has been doing ever since the building was constructed. The actual cost of the alterations was far below the estimate of the town's share of the WPA project. Much credit is due Mr. Poirier for his interest and co-operation.

HIGH SCHOOL.

Two new exit doors were installed in the two winter enclosures at the side doors, to remedy a very dangerous condition. It was found that when the two regular side doors were

opened they partially blocked the outside door, leaving an opening so small that it was almost impossible for anyone to pass through it. In case of fire this might have prevented the pupils from getting out alive.

SUGGESTIONS.

For the past two years the superintendent has brought to your attention some of the repairs and alterations that should be made. Thus far we have been able to take care of only the sewerage system at the Ball School. It is hoped that the townspeople will show as much interest in the repair of their school buildings as they have in the repairs of other municipal buildings by making a special appropriation to start the work this year.

CONCLUSION.

In concluding this report I wish to express my sincere appreciation to the Committee and to my fellow workers who have shown a fine spirit of co-operation in the interests of the public schools of Upton.

Respectfully submitted,

ROBERT W. BARCLAY,

Superintendent of Schools.

REPORT OF MANUAL TRAINING SUPERVISOR.

I herewith submit my annual report of the Manual Arts Department in the Public Schools of Upton.

I can report a very fine showing of work in this department during the year just completed. The boys in the eighth grade last year showed very marked ability in this subject, making the best pieces of furniture ever turned out by the boys of this Town. These articles were exhibited in the

Public Library, with Miss Fay's consent and co-operation, last June and were seen by nearly all the parents and a great many of the townspeople. Among the pieces exhibited were end tables, modernistic book shelves, bedside tables and lamps.

The seventh grade boys are displaying an excellent spirit and are trying very hard to become good workmen. This year's eighth grade is also starting very large projects for grade pupils and we may put on another exhibit this year.

I should like very much to see this work discontinued in the seventh grade, extending it through the first year in the High School. The boys would thus be a year older in beginning this subject and more mature. They could do the advanced work in High School and it could be arranged so they could get one-half credit for this subject. Many of the boys in High School who care little for scholastic subjects would profit greatly by this change.

I hope that this matter will be given careful consideration by the members of the School Committee.

Respectfully submitted,

DANA A. STANLEY.

REPORT OF MUSIC SUPERVISOR.

As Supervisor of Music, I wish to submit the following report of my Department.

It is my pleasure each year to prepare various groups of children, with the assistance of their teachers, for public musical presentations.

Each year we have a Music Festival given by the pupils throughout the school system. There is a great deal of work in a thing of this sort and it is with deep appreciation that I

thank the teachers and the children who worked so willingly in its preparation.

The Spring offers the usual Memorial Day Exercises and then finally the High School graduation music.

Our daily work goes on as usual with singing, note reading, singing games and music appreciation. We try to correlate our music with other studies, with life experiences, and now more than ever, World events. Children are learning that music is more than pretty sound. They are learning that music may be the emotional record of a period of history, the reflection of a famous story or poem, the portrait of a great man, or the voice of a nation speaking.

Above all it is my wish that the children will take away from their school days a joy in music and enough knowledge of it to enrich their experiences and color their lives.

I am glad to have this opportunity of thanking the Superintendent, the School Board, and the teachers for their cooperation, and interest in the work of this department.

Respectfully submitted,

ARLYNE M. MARCY.

REPORT OF HANDWRITING SUPERVISOR.

I am pleased to submit the following report of the objectives and achievement in Handwriting in the Upton schools for the school year of 1941.

The major objectives in our program are:— 1. To secure consistently excellent handwriting throughout the school system in both formal and informal writing. 2. To develop an appreciation of neat, legible handwriting along with the writing consciousness that will create a desire on the part of pupils to want to write well.

In order to achieve these objectives a carefully planned program is operated. We supply teachers and pupils with the necessary instructional materials. These materials include Pupil Folder Outlines, Room Certificates, Pupil Certificates, Motivation Seals, Term Specimen Paper, Monthly and Term Envelopes, etc.

The instructional material is organized into monthly assignments. A formal test paper is diagnosed and graded each month for each pupil and a detailed report is sent to the teacher.

The following statistics will give you an idea of the improvement in handwriting in your schools.

We administered our first formal handwriting test in your school in September, 1934. We found that 29% of the pupils in grades 1 to 8 made a grade of "A" (Excellent). In June of 1941, we found that 57% of the pupils in grades 1 to 8 made a score of "A" (Excellent).

During the past school year we graded approximately 3360 samples of formal handwriting for your pupils. In June, 1941, we awarded 33 eighth grade certificates.

In general, I have found the interest and co-operation of your pupils and teachers to be excellent. I wish to express my appreciation for the fine co-operation we have received.

Yours truly,
W. L. RINEHART.

REPORT OF SCHOOL NURSE.

I hereby submit my report as school nurse for the Upton Schools.

Routine school visits are made to inspect pupils for general health, sanitation of girls' basement, and to check absent

pupils and determine reasons for being absent, home visits made to obtain information if necessary and to give advice to parents. Sick and injured pupils given first aid and taken to their homes.

To weigh and measure the pupils and assist Dr. Capen at the annual examination to record all defects and to notify parents of defects found, also to carry out any orders given by Dr. Capen.

Eyes and hearing tested. In April, the State Department of Public Health gave us the use of their audiometer and the hearing of all pupils except grade One, were tested. Pupils having defective hearing were retested and parents notified as to amount of hearing lost.

Starting in September, four clinics for Prevention of Diphtheria were held in our schools by Dr. Temara of the State Department of Public Health, sponsored by the Upton Board of Health. Sixty-eight school children and twenty-four pre-school children were given toxoid inoculations. This required a written permit from their parent.

I wish to thank the Upton Woman's Club and King's Daughters for glasses for our children, also the teachers and parents for being faithful in reporting and the quarantine of children sick with measles, mumps and whooping cough.

Respectfully submitted,

RUTH SANDSTROM, R. N.
