PROCEEDINGS OF THE ANNUAL TOWN MEETING,  
TOWN ELECTION, FEBRUARY 2, 1948.

THE COMMONWEALTH OF MASSACHUSETTS.

*Worcester, SS.*

Pursuant to the foregoing warrant, the Town Clerk called the meeting to order at Seven A. M., on Monday the Second Day of February, 1948, in Town Hall, in the absence of Moderator George C. Messenger. There were about 30 voters in the hall.

George A. Whittemore on a point of order questioned the authority of the Town Clerk to open the meeting, stating in substance that he was elected Moderator in 1946, that there was no town election (February 8, 1947) in 1947 an action to validate certain persons serving in office (February 8, 1947) for 1947 was in error.

The Town Clerk in answer to a question of Mr. Whittemore stated that on the Third day of February, 1947, ballots were cast; that Mr. Messenger received the most votes for Moderator and took oath of office, and on the following Saturday (February 8, 1947) he again took oath as Moderator after certain action at that meeting. He further said he was acting on advice of the Town Counsel.

Norman E. Walker nominated Halbert K. Struthers to serve at today's election as temporary Moderator and the motion was seconded. No other nomination was made. Edward L. Prentiss moved to close nominations and it was so voted.

The Town Clerk appointed Kenneth W. Wood, Walter J. Stank, Alfred H. Nichols and Peter Bingel as checkers and as tellers to count ballots for temporary Moderator and they were sworn to fulfill their duties as such.

Ballots were distributed to voters desiring them and the check list used. Sixteen ballots were issued. Fifteen were cast. Police Officer J. Harry Shears presided at the ballot box.

Result of balloting for temporary Moderator was the election of Halbert K. Struthers, without opposition. He took oath given by Town Clerk and directed the reading of the warrant.

Following the reading of Article 3, Selectman Ernest B. Porter motioned to waive the reading of the remainder of the articles in the warrant, which was seconded, and voted without opposition. The remainder of the warrant and constable's return were read.

The ballot box had been unlocked and shown by the temporary Moderator to be empty. Ballot box indicator set at 0000 was locked and keys retained by Police Officer Shears.

A wax-sealed package purporting to contain 1500 printed ballots as received by the Town Clerk from the printer was turned over to the temporary Moderator. He delivered the package to Messrs. Wood and Stank, who with Messrs. Nichols and Bingel had been sworn to perform their duties at the election with Officer Shears on duty at the ballot box.

Cards of instruction and specimen ballots had been posted.

Hourly reading of the ballot box indicator: 8 A. M., 45; 9 A. M., 68; 10 A. M., 113; 11 A. M., 113; 12 noon, 215; 1 P. M., 283; 2 P. M., 345; 3 P. M., 413; 4 P. M., 490; 5 P. M., 580; 6 P. M., 784; 7 P. M., 935 and 8 P. M., 1021.

Temporary Moderator Struthers closed the polls at 8 P.M. Nearly 76 per cent of the town's voting populace cast ballots during the voting hours. Upton's voting list carried 1350

names of registered voters for this election. The 1021 ballots cast is believed the highest ever cast at a local town election. Of the 1021 to vote, 546 were men and 475 women.

Following registered voters canvassed the vote. They reported at 3 P. M. and were duly sworn by the Town Clerk. They were: Raymond F. Lyford, Mrs. Elizabeth Victor, Joseph J. Driscoll, Gerald P. McAuliffe, Leroy W. Prentiss, Mrs. Margaret A. Gurry, Mrs. Helen Poirier, Alfred J. Blanchard, Gerald L. Shaughnessy, Ernest J. Henchey, Mrs. Elinor S. Varney and Mrs. Helen I. Donham.

Edward L. Prentiss and Mrs. Violet M. Picard tabulated the vote after taking their oath. Police Officer Alanson J. Varney relieved Officer Shears at the ballot box at 4 P. M.

Ballots were taken from the ballot box to count in the presence of election officials as follows: 3 P. M., 250; 4.05 P. M., 250; 6 P. M., 250, and 8.05 P. M., 271, total 1021.

Check lists were compared by Messrs. Wood and Stank at check-in table and Messrs. Nichols and Bingel at check-out table (at ballot box) after the polls closed. They reported 1021 voters' names checked on each voting list, corresponding to number of ballots removed from the ballot box, and indicator number on the ballot box. Also, Messrs. Wood and Stank counted the unused ballots and reported there were 479.

Used and unused ballots, with voting lists used in electing a temporary Moderator, and for the general election, were placed in containers, sealed, and removed to the town vault.

Following completion of the tabulation, public declaration of the vote was made by the Town Clerk at 10.55 P. M.

GEORGE G. NEWTON,  
Town Clerk.

PROCEEDINGS OF THE ADJOURNED ANNUAL TOWN  
MEETING FEBRUARY 7, 1948.

After Moderator Halbert K. Struthers opened the meeting, George A. Whittemore raised a point of order and started to read a statement. Moderator Struthers ruled Mr. Whittemore out of order and requested him to be seated. Mr. Whittemore appealed the Moderator's decision. The Moderator asked the voters if they sustained his ruling. There were voice replies, "yes".

1947 TOWN REPORT.

Article 2. Voted: on motion of Henry C. Walker, seconded by Selectman Daniel H. Bates, to accept the 1947 Town Report as printed.

SPECIAL COMMITTEES.

Article 3. Voted: on motion of Selectman Daniel H. Bates, duly seconded, that the report of a Special Committee to revise the Town By-Laws be accepted as one of progress.

Town Counsel Henry C. Walker reported that a 19-page set of proposed By-Laws had been drawn up for consideration.

MEMORIAL HIGH SCHOOL BUILDING.

Article 4. Voted: on motion of Merrill S. White, duly seconded, to defer action on this article to an adjourned town meeting, February 14, 1948, at 2 P. M.

On presentation of the article to the voters for consideration, Malcolm C. Temple stated he was herewith resigning from the Memorial High School Building Committee. Mr. Temple said he had been a member of the committee since it was appointed (February 17, 1945) when he received the highest vote in the naming of the committee.

Mrs. Ada W. White moved that the resignation be accepted with a vote of thanks to Mr. Temple for his work on the committee and it was so voted.

Merrill S. White asked if Mr. Temple desired to state his reason for resigning. Mr. Temple stated in substance, that in his opinion the committee's action for the past 18 months had been other than in the best interest of the town. (Mr. Temple was the first chairman of the committee.)

George Burnham moved that the committee be discharged. Daniel F. Bates seconded the motion and then withdrew it, stating he misunderstood the motion. Mr. Burnham's motion was not seconded.

Mrs. White and Samuel B. Young, present chairman of committee, spoke.

Mr. White then moved that action on Article 4 be deferred until Saturday, February 14, 1948 at 2 P. M. and it was so voted.

#### SALARIES AND COMPENSATION.

The letter further stated that the salary and compensation of all elective officers of a town "may be made effective from January 1 if the town so voted."

Town Counsel Henry C. Walker when asked his opinion that the salary and compensation for all elective town officers be taken up separately.

Town Clerk Newton moved that the salary of the Moderator be Ten Dollars (\$10.00) for annual town election day and Five Dollars (\$5.00) each for other meetings. It was so voted.

PROCEEDINGS OF ADJOURNED TOWN MEETING  
FEBRUARY 14, 1948.

Moderator Halbert K. Struthers on opening the meeting stated that Article 4 had been deferred for action until today. (Other articles had been acted upon February 2 and February 7.)

With between 50 and 60 voters present when the meeting was called to order, Harrison E. Bates moved adjournment to a date to be set by the Selectmen and Memorial High School Building Committee. Eugene Whiting seconded the motion. Subsequently they withdrew the motion and seconding as more voters came into the hall.

Samuel B. Young, chairman of the Memorial High School Building Committee, asked Gordon E. Benson, Committee clerk, to make a report of information he had received.

Mr. Benson read a letter he had received from Congressman Philip J. Philbin under date of February 12, 1948. It stated in part:

"At the present time, there is no Federal program to provide for school assistance in the way of construction funds or other grants. In fact, an advance planning program under the sponsorship of the Federal Works Agency lapsed last June and while there is pending legislation to continue the program, the matter is still in committee for study. This advance planning program provided funds to various communities for the drawing up of plans and preliminary engineering surveys for municipal public works projects.

"There are several bills, pending in both the House and Senate, to provide for Federal assistance for school construction and other educational purposes. Not much progress has been made in the House, while the Senate has already held hearings on Senator Aiken's and other related bills.

"Frankly, the outlook for Federal assistance in the immediate future does not appear too promising. Similar legislation has died in previous Congresses. In addition, such legislation will have to hurdle the current program to reduce Federal expenditures, a rather difficult achievement.

"While the situation may change prior to adjournment, this is the way the matter rests at the moment."

During his remarks, Mr. Benson said that in August 1946, a Cambridge contracting firm from sketches and specifications had estimated the cost of the proposed Upton school building at .77 cents per cubic foot. For class rooms section, the estimated cost would be \$353,400. A Holyoke contracting firm in August 1946 had given an estimated cost of \$280,000.

Further, Mr. Benson said that information received February 13, 1948 (day before adjourned meeting) from Mr. Upham via telephone was in substance: "The cube of the proposed Upton Memorial High School Building is 490,785 feet. Mr. Upham further advised that on present day prices the Medfield High School building would cost 64 cents per cubic foot without the auditorium. This means that at 64 cents per cubic foot figure, the proposed Upton Memorial High School building would cost \$314,102.40."

Mrs. Ada W. White, retiring chairman of the School Committee, stated that the two present school buildings (George S. Ball and Knowlton schoolhouses) were overcrowded; that the three buses now transporting school children to Northbridge Junior High School will be insufficient to accommodate pupils expected to attend the school from Upton next fall, and referred to sewage conditions at the Ball building and heating system at the Knowlton building.

Eugene Whiting motioned that Malcolm C. Temple, (former chairman of the special Building Committee and who resigned as a committee member, February 7, 1948), give a complete report of the Committee's work since it was organized. It was so voted.

Mr. Temple spoke on the proposed Memorial High School Building at length. In substance, he referred to the offer of the White lot to the town for the proposed school building; stated that in his opinion it was superior to the old High School lot site and referred to sewage, drainage and grading. He said that one contractor's estimate gave a \$15,000.00 saving on foundation work if the building was erected on the White lot, and that the town's vote to place the building on the old site had handicapped the Committee. He related how he and certain other members of the special Committee went to Boston relative to a bill filed in the legislature to authorize the town to borrow money outside the town's debt limit for the

erection of the proposed building. He reviewed how plans had to be changed by the architect when the town voted to erect on the old High School lot as the first plans were based on the White lot.

Mr. Temple added that he would present a check of \$1,000.00 toward the proposed new school building on the day that work was started if it were erected on any other site than the old High School building.

Samuel B. Young, chairman of the special Building Committee, stated that Mr. Temple's remarks had been very fairly presented. He added, that the Committee had been working on plans for the old site because of the action of the voters when they selected the old site in preference to the White lot for the building. In reply to a query, Mr. Young said he expected that working plans for the proposed building would be completed in about three months but that this was not definite.

Donald B. Johnson, member of the School Committee and Building Committee, said indications are that the grade schools will be overcrowded next fall; the need of a good grammar school building; that the Junior and High School pupils are being well taken care of at out of town schools under the present arrangements. He added he would favor consolidation of a High School with Grafton.

Dr. Bernard F. McKernan, school physician and member of the Building Committee, said at first he had favored a new High School Building. He said he now favored consolidation of grade classes into one building as the first step to improve Upton's school system.

Eugene Whiting motioned that the town reconsider the vote it had taken for location of the proposed Memorial High School Building. Moderator Struthers replied that he would

want advice of the Town Counsel before placing the motion before the voters.

Among other voters speaking during the three-hour session were Selectman Daniel H. Bates, Walter H. Allen, Selectman Earl G. Crockett, Rev. Charles DeVries, Joseph W. Gorman, Charles R. Stuart, Frank Fowler, School Committeeman George Nydam, Selectman Ernest B. Porter and Merrill S. White.

Motion by Selectman Daniel H. Bates, duly seconded, to discharge the present Memorial High School Building Committee was defeated by a voice vote.

Voted, on motion of Merrill S. White, duly seconded, to accept report of the Building Committee given during the meeting.

Selectman Daniel H. Bates moved that the Board of Selectmen be instructed by this meeting to issue a warrant for a Special Town Meeting containing an article to vote by ballot on question, "Shall We Reconsider the Vote Previously Recorded as to Site for the Upton Memorial High School Building?" Moderator Struthers stated he would first want a ruling of the Town Counsel if this motion was in order. Merrill S. White stated that the Selectmen could call a meeting for this purpose without such a directive of the voters.

Norman E. Walker motioned to adjourn the meeting and it was so voted.

May 3, 1948, Mr. Benson wrote Mr. Upham regarding progress of building plans.

May 6, 1948. Mr. Upham advised, "The Architectural drawings are practically completed and we have a very good start on the structural drawings including the engineerings for plumbing, electrical, heating and ventilating work."

July 1, 1948. As Chairman of your building committee I wrote Mr. Upham the following letter:

"Dear Mr. Upham:—

It has been several months since we have had any report from you, therefore, we feel our building project is being neglected. I, therefore request you advise us immediately, as to a definite date on which the plans may be submitted for estimates of cost of construction."

August 25, 1948. Mr. Upham met with The Building Committee, with plans still incomplete, and advised us that in approximately three weeks, the plans would be complete, and he would have bids on cost of construction of the Wareham School.

After more than two months, Mr. Benson wrote to Mr. Upham calling his attention to the delay, and in reply received the information, that a bid of 80½ cents per cubic foot had been received.

The cube of the proposed Upton High School Building is 490,785 cubic feet, at 80½ cents per cubic foot would be approximately \$395,000.

Your committee cannot proceed further until your architect produces plans and specifications, which we have been waiting for many months, and which we feel are long overdue.

Respectfully submitted,

SAMUEL B. YOUNG.

## REPORT OF TOWN COUNSEL.

---

December 31, 1948.

### TO THE BOARD OF SELECTMEN, TOWN OF UPTON:

As Council for the Town, I submit my ninth annual report.

In 1947, Chapter 143 of the General Laws was amended by inserting a section after Section 3H, known as Section 3I. Briefly, the amendment is an act to provide regulations for the prevention of fire and the preservation of life, health and morals in buildings used for dwelling purposes and to provide for alternatives to the requirements of ordinances, by-laws or regulations relative to the construction, alteration, repair, use or occupancy of such buildings. The amendment in part provides that the Clerk of each town shall forward to the Board of Standards (a department of the Commonwealth) such ordinances and by-laws as relate to building, construction, alterations, repairs, and use or occupancy of such buildings. The Town of Upton has no such ordinances or by-laws, nor has it passed any such by-laws, although it is the opinion of many that such ordinances, by-laws or restrictions are necessary. Under the above amendment the Board of Standards will file with the State Secretary and with the Town Clerk, suggested regulations for the Town of Upton. The regulations however shall not become effective in Upton unless accepted by the Town by vote. I place particular emphasis upon this section since at a meeting of the Selectmen the matter was discussed and the feeling of the meeting was that building regulations in Upton would undoubtedly improve the general character of the town. The Town at a future meeting will be duly informed of the proposed regulations and at that time be afforded time for consideration.

A complete and detailed set of traffic regulations were drawn by the counsel under direction of the Selectmen, which regulations include the approval of stop signs at Mendon and Pleasant and Warren and School Streets. These regulations have been adopted by the Selectmen and are now with the Department of Public Works awaiting approval.

There is pending with the Worcester County Superior Court a land damage case for taking of land for highway purposes. This case is brought by Emaile Newton against the Town.

Written and oral opinions were rendered to the Selectmen, concerning liquor licenses, laying out of public ways, snow removal from public ways, and other varied matters, as were opinions rendered to the Tax Collector, Board of Public Welfare, School Department, Assessors, and Town Treasurer.

An analysis of holdings of the Hartford-Connecticut Trust Company in its Custodian Account for the Town of Upton under the Trust Estate of Ella W. Risteen indicates values as of July 13, 1948 at \$77,269.00. Assets of the account are the same as submitted in previous reports, and values depend upon the market as far as 44.5% of the fund is concerned.

Negotiations for the transfer of the Snow Mill property to the Town were completed with a clear title now in the Town.

I am glad to have had this opportunity to be of service and thank the townspeople and officials for cooperation received.

Respectfully submitted,

HENRY C. WALKER,

Town Counsel.

REPORT OF AUDITOR  
FOR THE YEAR ENDING DECEMBER 31, 1948.

---

I have examined and verified the financial transactions of the Town of Upton as recorded on the books of the several departments, and find that the disbursements are covered by paid bills which correspond with the orders drawn on, and paid by, the Town Treasurer.

The books and accounts of the Town Treasurer I have examined and checked in detail. The recorded receipts I have checked wherever possible with the sources from which money was paid to the Town Treasurer. The payments were checked with the orders authorizing the disbursement of town funds. I have verified the cash balance on hand as of December 31, 1948, by a reconciliation of the accounts with the statements furnished by the banks.

In accordance with Section 53 of Chapter 41 of the General Laws as amended, I have examined and checked the securities and savings bank accounts representing the investment of the Trust Funds in the custody of the Town Treasurer, and find that they are as stated in the Town Treasurer's report on Trust Funds.

Respectfully submitted,  
ASHLEY M. PERKINS,  
Auditor.

## REPORT OF AUDITOR

---

State House, Boston, April 27, 1948.

To the Board of Selectmen

Dr. Earl G. Crockett, Chairman  
Upton, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Upton for the period from September 24, 1946 to December 8, 1947, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,

Director of Accounts.

FXL: EV

---

Mr. Francis X. Lang  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Upton for the period from September 24, 1946, the date of the previous audit, to December 8, 1947, and report thereon as follows:

The records of financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined, checked, and verified by comparison with the records in the treasurer's office, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 8, 1947.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were compared with the records of the several departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the approved orders of the selectmen authorizing the treasurer to disburse town funds.

The treasurer's cash book additions were verified throughout for the period of the audit, and the cash balance on December 8, 1947 was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit and by examination of a savings bank book.

The tax title deeds on hand were examined, the amounts transferred from the 1947 tax levy were verified, and the tax titles as listed were compared with the records at the Registry of Deeds.

The securities and savings bank books representing the investment of the trust and investment funds in the custody of the town treasurer and the trustees were examined and listed, the income being proved and the withdrawals verified.

It was noted that the selectmen entered into an agreement with a trust company doing business outside the Commonwealth which provides that the trust company act as custodian of securities representing the investments of the Ella W. Risteen Trust Fund bequeathed to the town. Attention in

this connection is called to Section 35, Chapter 41, General Laws, which provides, in part, that the treasurer shall receive and take charge of all money belonging to the town and that the bond required of the treasurer shall cover his duties with respect to trust funds which are in his custody by virtue of his office.

The books and accounts of the tax collector were examined and checked. The commitments were compared with the warrants issued by the board of assessors, the abatements as recorded were checked with the assessors' records of abatements granted, the recorded collections were checked with the payments to the treasurer as recorded on the treasurer's cash book, and the outstanding accounts were listed and proved.

The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen, the town clerk, and the health department were examined and checked, and the payments to the State and the town were verified.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures and of the police, public welfare, school, library, and cemetery departments were examined and checked, the payments to the treasurer being verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, motor vehicle and

trailer excise, tax title, and departmental accounts, as well as tables showing the transactions and condition of the trust and investment funds.

For the cooperation extended by the various town officials during the process of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

## LIBRARIAN'S REPORT.

## TO THE TRUSTEES OF THE UPTON LIBRARY:—

The librarian herewith submits her annual library report with library statistics, list of periodicals and the catalog of new books.

Books have been purchased and added to the Dr. Carpenter Alcove as required.

The following changes were made on the list of magazines: American Home was discontinued. School Arts was added.

Gifts of books have been received from the George L. Wood Post, 5594, Veterans' of Foreign Wars, General Electric Co., Board of Governors of the Federal Reserve System, and Metropolitan Life Insurance Co.

A story hour for children from Grades 1 to 3 (inclusive) was held during July and August under the direction of Mrs. Clarence E. Forsberg. This proved to be a success and the stories were greatly enjoyed by the children.

The librarian spent a most profitable week at the Institute for Small Libraries which was held at Simmons College last July. Mrs. B. C. Crooker very kindly took charge of the library during that time.

Miss V. Genevieve Boisclair, general secretary of the State Division of Public Libraries visited the library three days in August for the purpose of weeding out obsolete books. This has resulted in giving much needed space on the shelves for new books.

The newly painted walls and ceiling with the new shades have greatly improved the appearance of the library.

Children's Book Week in November was observed by a display of new books. Copies of the 1948 Poster with the slogan "Books tell the Story" were sent to the schools and book marks were given out.

To Miss Eleanor Tornwall I express my sincere thanks for her assistance during the first quarter of the year.

I wish at this time to express my appreciation to the Trustees for their generous help and advice.

Respectfully submitted,  
**BERTHA P. FROST,**  
 Librarian.

### PERSONNEL.

In my report of 1946 I directed your attention to a matter which was very serious then and, in my opinion, is equally

serious today. I shall repeat in part two paragraphs contained in that report.

"America is experiencing an acute teacher shortage. . . . The supply does not meet the demand, therefore, teachers are demanding and receiving higher salaries."

"When in competition with larger towns and cities, small towns are at a disadvantage because they generally offer smaller salaries and because teachers are anxious to work in larger systems which furnish greater opportunity for professional advancement. To offset these conditions and to fill vacancies which are bound to occur, we must be prepared to meet or even surpass the salaries of larger surrounding towns. We must face these facts and make provision for meeting them."

In order to be able to hire competent teachers and to keep them after they are hired, we must be in a position to offer them as favorable working conditions and as high a salary as they can get elsewhere.

On October 1, 1948, the average salary for teachers in Massachusetts was \$2,909.00 according to information received from the Research Department of the Massachusetts Teachers' Federation.

On October 1, 1948, the average salary for teachers in Upton was \$2,018.00.

In June 1948, Miss Florence E. Walker, Teacher of Grade I, and Mrs. Ruth C. Goodrich, Teacher of Grade VI, resigned to accept positions at higher salaries in Westboro. Both teachers had given long and faithful service. Miss Walker began teaching in Upton in 1914 and Mrs. Goodrich began in 1922. We were fortunate to secure as replacements for these teachers, Miss Mary A. Dineen for Grade I and Mrs. Betty D. Sabin for Grade VI.

Mrs. Teresa J. Trask was appointed to the position created by the additional room in the Ball School.

Miss Mary E. Ferrari was appointed as Art Supervisor to replace Mr. Albert C. Petitto who resigned.

#### REPAIRS.

A considerable amount of repair work was necessary during the past year. The following is a partial list of the work accomplished. There were many minor repairs done which are not listed.

#### KNOWLTON SCHOOL:

Two new ceilings were put up in the Knowlton School.  
Two rooms in the Knowlton School were painted.  
The boys' urinal was repaired to permit proper drainage.  
The furnace and smoke pipes were repaired to prevent fumes from escaping into the classrooms.  
Two drinking fountains and wash bowls were installed in two classrooms.  
Minor repairs on roof.

#### GEORGE S. BALL SCHOOL:

Ball School was painted on outside.  
A basement room was remodelled into a classroom.  
Steps on outside fire escape were repaired.  
New duo-roll shades were installed in each classroom.  
Thirty new universal type desk and seat combinations, previously ordered to replace old ones, were used to equip the room in the Ball School basement.

New table desks and chairs have been ordered to replace those now in use in Grade I in both the Knowlton and Ball Schools.

## RECOMMENDATIONS.

1. That all rooms in the Ball building be painted.
2. That the exterior of the Knowlton School be painted.
3. That remaining two rooms in Knowlton School be painted.
4. That the teachers' room in both buildings be re-decorated.
5. That we continue to replace old and obsolete furniture with new until all rooms in both buildings are properly equipped.
6. That we continue to improve the play areas wherever possible.
7. There are many times during the school year that the home and the school wish to communicate. There are many times when an emergency requires the teachers to contact the school nurse, the school physician, or the superintendent. This cannot be done without going to some neighbor's house to "call". I am, therefore, recommending that a telephone be installed in each building for the purpose of expediting necessary school business and as a protection for our boys and girls in case of an emergency.

## TRANSPORTATION.

During the past year the school committee has had numerous requests to provide special transportation for pupils. The committee has considered carefully every request and had made an earnest effort to adjust all bus routes to satisfy as many individuals as possible. Next year, with the present enrollment, it will be necessary to have two busses to transport pupils to Grafton High School. At present two taxi cabs have been engaged to transport the excess over one bus load which now attend Grafton High.

Under General Laws, Chapter 40, Section 4, the town has been required to provide transportation for children attending St. Mary's Parochial School in Milford.

Additional busses plus increased service on all the routes will, of course, result in increased costs.

This increase in transportation costs is greatly reduced by state re-imbursement.

#### HOUSING AND LEGISLATION.

Two acts passed by the Legislature in 1948 which are of considerable importance to all towns in the Commonwealth are:

(1) General Laws Chapter 643. An act relative to school funds and state aid for public schools. The purpose of the law is to promote the equalization of educational opportunities in public schools of the Commonwealth and the equalization of the burden of cost of the school to the respective towns. Under this law, Upton will receive in 1949 approximately \$7,000.00 more in State aid than has been received in the past.

(2) General Laws Chapter 645. An act to encourage the establishment of regional and consolidated public schools and to provide financial assistance to cities and towns in the construction of school buildings. This law expires in 1951. It may or may not be renewed. It is of particular importance to the citizens of Upton since it is necessary that some construction be undertaken very soon to house our pupils.

In December 1944, the Upton High School building burned. This eventually necessitated sending grades seven through twelve out of town to school. Four years have passed. In the meantime the enrollment has increased somewhat in the lower grades. Census figures indicate that this increase in the lower grades will continue for some years. Our problem of housing is, therefore, a problem for the first six as well as for the last six grades.

Building a high school will no longer solve our problems since we already need more elementary classrooms. This year it became necessary to improve a classroom in the basement of the Ball School. We have permission from the State Department of Public Safety to use this room for *one* year. Whether or not this permit will be renewed depends in large measure, I believe, upon what *action* has been taken to provide *suitable* quarters in the near future.

From an educational standpoint it would seem that the wisest program which Upton could adopt would be to start from the "ground up" and build a consolidated elementary school for grades one through eight.

The present buildings are both inadequate in many respects. Many of the facilities considered necessities according to present day concepts of education are completely lacking.

A consolidated school of this type would eliminate sending our smaller people out of town. It could be built with all the facilities which a 20th century type of education requires. It could include an auditorium-gymnasium for community use as well.

There would be many advantages to the consolidation of these two schools, among them being the following:

1. It would promote better instruction.
2. It would permit homogenous grouping of pupils.
3. It would permit assignment of teachers to greater advantage.
4. It would provide better facilities for the elementary school pupils which they do not now have. i. e. as hot lunches, play areas, activity rooms, adequate health facilities, assembly room and many others.

5. It would cut the cost of operation by avoiding duplication of equipment, supplies, heating, etc.

Under legislation mentioned above, this type of consolidated school could be built and the town would receive up to fifty percent of the cost of the project.

I recommend that this proposal be given careful consideration.

The following quotation taken from the report of Dr. Herbert Blair entitled "Report on Upton Schools" states clearly the reason for such a proposal:

"The expense of maintaining a high school in Upton caused a reduction in the amount (of money) available to maintain the elementary school which in turn resulted in a reduced number prepared for, or interested in, entering high as well as reducing the number prepared to do high school work to the satisfaction of their teachers or themselves."

In closing I wish to express my appreciation to the members of the school committee for their counsel, to the teachers for their loyal co-operation, and to all citizens for their support of school policies.

Respectfully submitted,

RALPH C. STURKE,

Superintendent of Schools.

## REPORT OF THE SUPERVISOR OF MUSIC.

As Supervisor of Music, I wish to submit the following report of my Department.

Our daily work goes on as usual with singing, note-reading, singing games and music appreciation. We try to correlate our music with other studies, with life experiences, and now more than ever, with world events. Children are learning that music is more than pretty sound. They are learning that music may be the emotional record of a period of history, the reflection of a famous story or poem, the portrait of a great man, or the voice of a nation speaking.

Above all, it is my wish that the children will take away from their school days a joy in music and enough knowledge of it to enrich their experiences and color their lives.

I am glad to have this opportunity of thanking the superintendent, the school board, and the teachers for their cooperation and interest in the work of this department.

Respectfully submitted,

ARLYNE M. MARCY,

Music Supervisor.

## REPORT OF THE SUPERVISOR OF ART.

The following is my first annual report as Supervisor of Art in the Public Schools of Upton.

AIMS—Creative expression and aesthetic enjoyment are fundamentals of art education. The child interprets the things with which he is familiar—an individual response to his environment expressed through line, color, form, dark and light, and texture. Technical skills on an adult standard are not stressed, but rather fearless experimentation with a variety of materials, with guidance from the instructors. The child paints his own interpretation of an idea as he sees them, and acceptance of the contributions of each child and providence for the participation and growth are necessary.

Art activities offer opportunities for thinking for oneself, making wise choices, inventing, carrying out an idea, accepting responsibilities, and working with others.

Overall picture of course up to this time:—Grades 1-3:

(a) Individual lessons, (b) Correlation with classroom studies, (c) Group projects—blocks of work based on home, school, farm, immediate community, etc. Color-area study medias used: crayons, cut paper, platercine. Grades 4-6: (a) Individual lessons, (b) Correlative lessons, (c) Group projects—blocks of work, murals, Christmas projects, block printing, fingerpainting, scale model house for hospital children (not yet completed), table villages, etc.

Future Projects: Easel painting, fingerpainting, plastercine, murals, block printing, puppets, etc.

Respectfully submitted,

MARY E. FERRARI,

Art Supervisor.

## REPORT OF THE SCHOOL NURSE.

I hereby submit the following report as School Nurse for Upton.

The usual routine work of weighing, measuring, testing eyes and hearing, classroom visits, consultations with teachers, and home visits have been carried on throughout the year.

Our School Physician, Dr. Bernard F. McKernan, assisted by the nurse, has completed a thorough physical examination of all pupils. Defects found are recorded on the pupil's report cards. Follow up home visits are made to advise in correcting these defects.

There was no pre-school clinic this year. Dr. McKernan visited the schools on the opening day and checked all pupils entering the first grade.

The teachers conduct daily classroom inspection, any symptoms found of illness are referred for diagnosis. This helps in the control of disease.

Respectfully submitted,
