18 1:05 p.m., town manager, Derek Brindisi attended the meeting virtually. Derek wanted to discuss with
19 the Board the prospect of town employees working remotely. Derek discussed the present COVID rates
20 and the increase in cases, even amongst town employees. He feels that if employees work remotely for
21 a time period to be determined, it would hopefully be effective in stopping the spread amongst our
22 workers. Derek also submitted slides showing the curve of the spread. The police and fire department
23 would of course be exempt from this proposal. Derek asked for the Boards thoughts.
24

25 1:10 p.m., Member, Richard Desjardin joined the meeting remotely.
26

27 Al stated if the decision is made to close the town hall, that the due date of property taxes should be

31 proposal to close the town hall for a time period to be determined. Each town dept., can make their
32 own decision on how to operate their dept. staff effectively. All members unanimously voted yes to the
33 motion.
34

35 Trish gave an update to the COVID-19 situation. She feels it is a smart move to close the town hall as the
36 town of Upton is moving back into the "red" for cases. Trish has completed all the requirements to offer
37 clinics through the town of Upton. We will be offering our first, first responder clinic for Upton, Sutton,

38 Douglas, Northbridge, Hopedale, Blackstone, and Millville in a couple weeks. This clinic will be a better
39 alternative to the local responders vs. going to the Auburn clinic. We have approximately 250
40 responders signed up. Hopefully, we will be able to offer more clinics in the near future, but nothing is
41 guaranteed.
