

TOWN OF UPTON, MASSACHUSETTS

DEPARTMENT OF PUBLIC WORKS

Hydrant Flushing Starts Monday, October 21, 2024

Please check your water before using it when flushing is taking place in and around your neighborhood. If the water is discolored, run a faucet until the water is clear. We recommend using an outdoor or bathtub faucet. Discolored water is safe to use but could stain laundry.

The planned flushing schedule is shown below but it could change because of unforeseen events or because of weather.

Flushing will take place between 7:00 a.m. and 3:30 p.m.

Monday	Tuesday	Wednesday	Thursday	Friday
