

Hike 8: Warren Brook Conservation Area (Oak Knoll Trail)

Oak Knoll Lane (end of cul-de-sac)

After parking, enter the trail next to the kiosk. Go through the wall and go left onto the loop.

Follow the trail for a while. You'll go over a long bridge and then continue to walk for a while.

At the next intersection, go right (AWAY from the next bridge).

At the next trail split, go right. Go over a wooden bridge.

At the next intersection with the stone wall, you've completed the loop. Go straight to your car.
